

THE KELOWNA COURIER

AND OKANAGAN ORCHARDIST

VOLUME 28

Kelowna, British Columbia, Thursday, November 12th, 1931

NUMBER 14

RESTRICTIONS PLACED ON PARKING

Vehicles Must Not Be Placed On Certain Areas On Bernard Ave. And Pendozi Street

With the exception of Ald. Jones, who was presiding at a meeting of the Canadian Economic Association, all the members of the council were in attendance at the regular fortnightly session on Monday night.

One of the most important matters dealt with was the introduction of By-Law No. 568, for the purpose of amending the Streets and Sidewalks Regulation By-Law No. 514, so as to prohibit the parking of vehicles on both sides of Pendozi Street, between Bernard Avenue and the lot lane to the south of Bernard Avenue, located between that street and Lawrence Avenue; also on the south side of Bernard Avenue, opposite Lot 15 and the west half of Lot 14, Block 13, R.P. 462, being the portion of Bernard Avenue opposite Mill Avenue, which leads into Bernard Avenue from the Kelowna-Westbank ferry wharf.

The ban upon parking in the areas described is being imposed at the request of the Board of Police Commissioners, following representations to the Council by that body as to the danger of occurrence of accidents through congestion of vehicles at points where the traffic is likely to take place.

The By-Law was given three readings together with By-Law No. 567, selling Lot 52, R.P. 1102, to Mr. Roy Deck, for \$50, and By-Law No. 566, selling Lot 41, R.P. 1102, to Mr. Peter Seifert, for \$50.

By-Law No. 565, for the sale of Lot 48, R.P. 1277, to Mr. Ander Bolbekker, for \$75, was reconsidered, finally passed and adopted.

Invitation To B. C. Fruit Growers' Association

Mr. E. W. Barton, Secretary of the Board of Trade, waited upon the Council to convey a request from the Executive of that body that a civic invitation be extended to the B. C. Fruit Growers' Association to hold their annual convention in Kelowna, with the offer of suitable premises in which to hold the proceedings.

Favourable consideration having been given, it took little discussion after the withdrawal of Mr. Barton to show all the members of the Council as cordially in favour of extending the invitation and of providing a hall for the convention free of cost to the Association. A resolution in these terms was therefore passed and was ordered to be forwarded to the B.C.F.G.A. executive.

Injury Caused By Low Wire

A letter from the Workmen's Compensation Board stated that a C.N.R. brakeman had received compensation for injuries sustained through contact with a wire suspended over a railway spur at Kelowna, and the C.N.R. authorities claimed that the accident was due to the wire, which was alleged to belong to the City, being too low to give proper clearance. Information as to the circumstances was requested.

The City Engineer, Mr. H. A. Blakeborough, tersely reported, as the result of his investigation of the matter, that the wire concerned was the property of the Okanagan Telephone Company, and the Workmen's Compensation Board will be so informed.

Remembrance Day

An invitation was received from the Kelowna Branch of the Canadian Legion for the Mayor and Council to attend the memorial service on the morning of Remembrance Day, November 11th.

The Mayor expressed the hope that as many members of the Council would attend as possible.

Report Of Poundkeeper

The report of the Poundkeeper, Mr. J. Powick, showed that a total of seven cows, one horse and one dog had been impounded during the month of October. All the animals were claimed and were released upon payment of fees amounting to \$26.00.

Refund Of Road Tax

A refund of \$8.00, covering road tax paid for the years 1926, 1927, 1929 and 1930, to Mr. G. Skaley was authorized by resolution, he being over fifty years of age and not liable for road tax.

Increase Of Salary

An application by Mrs. Sarah I. Burkes, civic rates clerk, for an increase of salary from the minimum wage paid her was favourably considered on account of her satisfactory service, and her rate of pay was raised to \$75.00 per month, dating from November 1st.

Court Of Revision

By resolution, provision was made for the holding of a Court of Revision in the County of Okanagan, Monday, December 14th, at 10 a.m., for the purpose of hearing any complaints against the assessment levied for the branch sewer recently constructed in Chinatown upon the local improvement plan. The Court will be composed of all the members of the Council.

After formal adjournment to Monday, November 23rd, the Council held a short session as a committee of the whole to discuss a few matters, chiefly pertaining to details of relief.

There was once a time when the neighbors dropped in for a call instead of calling for a drop.

EUROPEAN GRAPES RIPEN HERE OUTDOORS

Black Hamburg Variety Thrives At Wilson Landing

The Courier has to thank Miss J. R. Goodacre, of Wilson Landing, for effective and pleasing proof of the fact that some kinds of European grapes are hardy and will thrive in the Okanagan Valley. The proof took the form of a bunch of fine Black Hamburgs, familiar to Old Country people as a popular hot-house variety, of good size, excellent flavour and sugary content, quite devoid of the wild and tawny taste that marks the Concord and some other kinds favoured on the American continent. The grapes arrived safely by mail and were sampled with gusto by The Courier staff.

In an accompanying note, Miss Goodacre states: "This is a small piece of a bunch of Black Hamburg grapes (what must the whole bunch have been like). These vines have been growing many years without attention or irrigation. Owing to losing the sun during the ripening month on the west side, they are seldom sweet. Being thoroughly acclimatized, they should do well in a better situation."

Miss Goodacre is too modest. The grapes were very much sweeter than the majority of the American varieties grown in the district, besides being almost as large as hothouse grapes and of very tempting appearance. It is understood that Black Hamburgs have been grown at Keremeos in the open air, but it is not known whether they have proved hardy over a span of years. The results at Wilson Landing, which is on the west side of Okanagan Lake, north of Kelowna, would seem to indicate that they could be planted on a commercial scale, provided the "situation" was a favourable one, presumably near the lake, which has a modifying influence so far as killing fall frosts are concerned.

RADICAL CHANGE OF SERVICE OF C. N. RAILWAY

Trains In Okanagan To Operate On Combined Passenger And Fast Freight Basis.

VANCOUVER, Nov. 11.—As a result of the recent meeting of traffic representatives of the Canadian National Railways held in Montreal, at which it was stressed that every possible economy must be put into effect, it has been necessary to rearrange the train service in the Okanagan Valley between Kamloops and Kelowna. This statement was authorized by B. T. Chappell, General Superintendent, Canadian National Railways, British Columbia Division, here this morning.

Trains No. 105 and 106 will be changed to Nos. 193 and 194. No. 194 will leave Kamloops at 8.15 every morning except Sunday, arriving at Kelowna at 12.10. The train arrives at 1.10 p.m. at Vernon, where it remains for one hour, and will arrive at Kelowna at 4 p.m., connecting there with the m.s. "Pentowna" for Penticton and other lake points. The return journey by train No. 193 will leave Kelowna at 9.30 each morning except Sunday, arriving at 1.15 at Vernon, where it remains for forty-five minutes. It arrives at Armstrong at 12.45 p.m. and at Kamloops at 4.35 p.m. This will give passengers and business men time to transact their business in Kamloops prior to connecting with transcontinental train No. 2, which leaves east-bound at 7.30 p.m.

The new trains in the valley will operate on the combined passenger and fast freight basis and plenty of time will be taken for those who wish to take lunch to obtain it at Vernon. The schedule for the new trains has been made so that quick connection is made with fast freight No. 404 for the rapid handling of fruit and perishable freight from Okanagan Valley points to the prairies and east.

"We are faced with a serious situation," stated Mr. Chappell, "and we have been forced into the position of making changes to suit present conditions. We sincerely hope this is but a temporary measure and that as soon as times improve and the earnings of the railways start climbing instead of dropping we will be able to return to our former schedules. In British Columbia we will do everything possible to provide service to all sections of the province in the most efficient manner possible, having regard to the rigid economies necessitated by present economic conditions."

TOLMIE TO SUBMIT TRADE PROPOSALS TO BRITAIN

VICTORIA, Nov. 12.—Premier Tolmie will submit to the British government the proposals that he made in 1929 at the request of Rt. Hon. J. H. Thomas for development of inter-Empire trade.

The changes that have taken place since that time in the sentiment in Great Britain towards protection and the demand of the nation for a new economic arrangement, coupled with the announcement that the Minister for the Dominions will start shortly upon a tour of investigation of Empire trade, justify him, Premier Tolmie believes, in seeking further consideration of the suggestions he made two years ago.

The Premier believes that Empire orders could be placed to provide work for two hundred thousand B. C. workers.

ANNIVERSARY OF ARMISTICE CELEBRATED

Church Services On Sunday And Special Memorial Service At Cenotaph On Remembrance Day

Owing to the setting apart of Armistice Day as a Dominion holiday under the name of Remembrance Day, the customary public memorial service on the Sunday preceding November 11th was discontinued this year, but the churches all had special services in connection with the notable anniversary, commemoration of which began the preceding day with the sale of poppies on the streets by the ladies of the Canadian Legion Auxiliary in aid of the relief fund of the Legion. This good work the ladies carried on also in the rural districts up to Armistice Day, and their energetic efforts were crowned with a large measure of success.

Service At Cenotaph

At 10.30 on Wednesday morning a procession was formed on Ellis Street, in front of the Canadian Legion building, and headed by the Orchard City Band, the members of which freely gave their services and turned out in full strength, marched by way of Bernard Avenue to the Cenotaph in the City Park, where a hollow square was formed in front of the monument. The parade included large contingents of Sea Cadets, Boy Scouts, Wolf Cubs, Auxiliary and other bodies and a number of representatives, the clergy, delegates from fraternal organizations and other public bodies and the largest number of veterans that had attended in a body since the end of the war. In bygone years, when the veterans marched in procession, it was generally in double file, but this year the number was large enough to form fours and ones. A series of war days thronged upon the former soldiers as they advanced once more in "column of route."

Wintry sunshine graced the start of the march but shortly after the procession reached the Park drifting clouds shrouded the sun and a raw breeze made the atmosphere somewhat chilly. The arrangements had been made, however, with a view to the possibility of such weather conditions, and the service was curtailed to the limits of wartime brevity so as to occasion as little discomfort as possible to those who were bareheaded during the ceremony.

Representatives of the Girl Guides and Brownies, the Canadian Legion Auxiliary and other bodies and a number of the general public awaited the arrival of the procession and joined the formation round the Cenotaph.

After the band had played "O Canada," Rev. A. K. McMinn invited all to observe the two minutes silence in memory of those who had given their lives in the struggle. The time signal was given by thirteen strokes on the bell of the First United Church, but, owing to the prevailing breeze from the south, it was heard only by few. An impressive stillness marked the period of silence. At its close Ven. Archdeacon Greene offered a prayer of thanksgiving for the heroism and sacrifice of those whom the day commemorated. Captain Lightfoot of the Salvation Army, read a short passage of Scripture and Rev. A. K. McMinn prayed for the establishment of peace, concluding with the Lord's Prayer. There was no address, and the Benediction was pronounced by the Archdeacon. The wreaths borne by representatives of organizations were then placed reverently on the sodden base of the memorial, after which the band played the National Anthem and the haunting strains of "Last Post" were sounded by Mr. W. E. Crooks.

The procession then reformed and marched back to the Canadian Legion building, where it dismissed.

The wreaths deposited at the Cenotaph were more numerous than usual, representing practically every public body and fraternal organization in the city, besides a large number of tokens from private individuals.

The Lighter Side

Honour having been duly paid to the memory of those comrades who had passed on, the veterans devoted the evening to the lighter side, commemorating the victory gained in 1918 and the establishment of peace.

Three boxing bouts were held in the Scout Hall under the auspices of the Legion, with a fairly good crowd to witness them.

The first bout, between Anderson and Piper, resulted in a draw. In the second, McKenzie, of Revelstoke, knocked out Woods, of Kelowna, in the first round of a three-round contest. In the third, Dercksen, of Westbank, and Bigon, of Prince Rupert, boxed six rounds to a draw.

The usual Armistice Dance was held in the I.O.O.F. Temple, with a large attendance, who kept up the fun until an early hour this morning to the light strains of the Kelownians Orchestra.

ANOTHER WOMAN FLYER

DIVORCED BY HUSBY

MELBOURNE, Nov. 12.—J. M. Keith Miller has obtained a divorce from his wife, Mrs. Jessie Keith Miller, well-known flier.

PREMIER BENNETT OFF FOR HOLIDAY

OTTAWA, Nov. 12.—Rt. Hon. R. B. Bennett plans to sail on Monday for New York for a holiday in Europe.

RELIEF ASSOCIATION ELECTS OFFICERS

Contributions In Kind And Cash Are Urgently Needed

A meeting of the Kelowna and District Volunteer Relief Association was held on Tuesday, when Rev. A. K. McMinn was elected President, Mr. H. A. Willis, Vice-President, and the following were appointed to the executive committee: Mrs. H. W. Arbuckle, Messrs. A. J. Hughes, H. A. Blakeborough and H. deMontreuil. Fraternal and service organizations of Kelowna are represented on the general committee.

Food, clothing and all kinds of produce are urgently needed to carry on the work of the Association, particularly clothing and boots for children. The B.C. Fruit Shippers have kindly donated storage space to the Association, and if any farmer or rancher has produce to spare, it will be very much appreciated. Any wishing to contribute fruit or vegetables but unable to deliver, should telephone any of the officers or Mr. A. A. Ballard, Secretary, who will make arrangements for collection.

In order to add to the funds of the Association, a concert will be staged in the I.O.O.F. Hall on Monday evening, November 22nd. Mrs. G. D. Cameron's choir, Mrs. A. J. Pritchard, Miss Isobel Murray, Miss Joan Hayes and other artists will entertain, and it is hoped that the attendance will be large.

NEW CHINESE ATTACK SAID TO BE REPULSED

LONDON, Nov. 12.—An Exchange Telegraph dispatch from Tokyo today stated that a report had been received from Harbin, Manchuria, that Chinese guards at Nonni River bridge and were repulsed.

TOKYO, Nov. 12.—Newspaper reports from Mukden today state that fifty Chinese were killed and three hundred wounded in a three-hour battle last night near Kung Chuling. Among them was a Chinese woman in uniform.

JAPANESE IN CHINESE CITIES IN DANGER

SHANGHAI, Nov. 12.—The Japanese consuls at Chungking, Chungtu and Chongchow told Mamoru Shigenitsu, Japanese Minister to Japan, today that anti-Japanese sentiment has grown strong in their areas that it will be necessary to evacuate all Japanese citizens and to close the consulates.

RUSSIAN MUNITIONS FOR USE AGAINST JAPAN

TOKYO, Nov. 12.—The War Office reported today that "fairly reliable" evidence had been received from various sources that fifteen carloads of Russian arms and ammunition had arrived at Anganchi, over the Chinese Eastern Railway, for the Chinese General Mah Chan Shan.

The Intelligence Bureau also said it had information that two thousand troops of the International Soviet Army, consisting of Russians, Koreans and Chinese, had arrived at Tsitsikar.

MANCHURIAN ROW GIVES WORK TO BRITISH

MANCHESTER, Nov. 12.—The hostilities in Manchuria have been an important factor in reducing England's unemployment. The Chinese boycott on Japanese goods and the consequent increase in demand for Lancashire textiles has provided jobs for about forty thousand millworkers, and nearly five hundred thousand have been switched from part time to full time work. Ever since early last month unemployment has been decreasing steadily all over the country, and a big share of the drop is due to increased activity in the textile industry.

PRINCE OF WALES LAUDS BOY WARDENS

Cordial Appreciation Of Service Rendered In Protection Of Natural Resources

The Prince of Wales, who is President of the Empire Forestry Association, has taken a great interest in the development of Junior Forest Wardens by the Canadian Forestry Association as young and eager guardians of the woodlands and the fish and game resources. In a letter to Mr. Robson Black, Manager of the Association, Mr. Lloyd Thomas, Assistant Private Secretary, writes on behalf of H.R.H.

"The attention of the Prince of Wales has recently been drawn to the work which has been performed by the Junior Forest Wardens of Eastern Canada and by the Junior Fire Wardens in British Columbia.

"His Royal Highness, as President of the Empire Forestry Association, has learned of this development with the greatest pleasure, and he will be glad if you will convey to the Junior Wardens of the Canadian Association an expression of his appreciation of their enterprise and his best wishes for their prosperity and for the success of their labours."

The Junior Wardens are selected youths pledged to active service in guarding against forest fires, protecting wild life against depredations, and planting trees wherever required. Thousands of those lads have joined forces with their local fire rangers and game guardians and have proved their mettle under trying circumstances. It is the intention of the Forestry Association to appoint many thousands more, so that eventually the youth of all communities will be under constructive leadership.

ASSOCIATED GROWERS ON DEFENCE

Allegations Are Denied And Shippers' Council Accused Of Disregard Of Truth

The subjoined statement has been received from Mr. E. J. Chambers, President of the Associated Growers of B. C. Ltd., with a request for its publication:

Judging from the general tenor of the statement issued by the Shippers' Council, it would appear that the rapidly diminishing active membership of the Council had devoted a considerable portion of the recent meetings to practicing that popular modern community song, "Give Yourself a Pat on the Back," and added to it a verse with slight changes in wording to appropriately express what should be done to the Associated. The old Scotch favorite "Will ye no come back again?" was hummed over a couple of times, but the effect was not encouraging. In view of the time that has been spent since the withdrawal of the Associated upon the preparation of the statement, it should at least have one necessary attribute which it has not—that is to say, truthfulness.

Apparently, entire blame is placed for any lack of success on the withdrawal and actions of the Associated Growers. How the Council can arrive at that conclusion when they must admit that the situation was entirely out of hand before the Associated withdrew, is beyond comprehension. No mention is made of the fact that a large percentage of the members of the Council co-operated and agreed with the Associated with respect to actions taken, with the one exception of the withdrawal of the Associated.

The statement says that the Associated objected to information respecting rebates being filed with the Government bureau. Other shipping interests also objected and for very good reasons, too, as it is known perfectly well that copies of invoices do not in many cases constitute full information regarding rebates and concessions given.

The statement also says that when the Associated resigned their membership they immediately created a new level of prices, by quoting bulk McIntosh and Jonathan at \$20, Winter Banana and Grimes at \$17, and that this information was not available to members of the Council. As a matter of fact, the prices that were associated from the withdrawal of the Associated were only quoted at the time of full discussion of the whole situation between them and Sales Service, and the decision as to values arrived at was unanimous as between these two organizations, and all members of Sales Service were immediately advised, so that shippers representing approximately 50 per cent of the remaining tonnage of the Council had full knowledge of what was being done.

As well as price reductions this year there have been price increases, three of these latter taking place within the last few weeks. In all cases it was the Associated which took the initiative, but no mention is made of this fact.

The statement refers to the present improvement in marketing conditions as price reductions during shipment of McIntosh. The lowering of prices on McIntosh and other varieties at that time was not brought about by any action on the part of the Associated or Sales Service, but was forced on these organizations to meet existing competition.

Much more could be said, but it is questionable if anything would be gained thereby. Apparently the present members of the Council are well satisfied with what has been accomplished, although, if such is the case, the growers of British Columbia are to be sympathized with if their destiny is dependent upon an organization that has not got ambition beyond what has been accomplished this season towards orderly marketing.

This has been a difficult marketing season and it could hardly be expected that any marketing policy would produce satisfactory results in a period of such economic depression; but, while conditions have been bad, they have been made worse by uncontrolled shippers and growers becoming panicky and forcing organized growers and shippers to take action that otherwise would have been unnecessary.

It is true that the majority of the members of the Council were not primarily responsible for this situation. They were trying to do something which can not be done without some real controlling power.

UNEMPLOYED MAN REWARDED FOR HONESTY

VANCOUVER, Nov. 12.—Out of work and seeking city relief, K. Walker, while walking through Stanley Park, found a woman's handbag containing \$24 and jewels worth \$1,500. He turned his find over to the police. The bag had been lost by Mrs. H. Banks, who gave the finder \$40.

SALE OF RUSSIAN WHEAT DROPS PRICES

WINNIPEG, Nov. 12.—The unexpected reappearance of Russia in the wheat market, unloading heavy stocks, sent prices tumbling today both here and in Chicago. Recent reports that Russia had exhausted her stocks and would make no more shipments had sent prices soaring.

SUMMERLAND EXPERIMENTAL STATION CHIEF RESIGNS

Superintendent Hunter Terminated His Duties On October 31st

It will be learned with general regret throughout the Kelowna district that Mr. W. T. Hunter, Superintendent of the Summerland Experimental Station, has resigned his office, effective October 31st. In addition to personal contact with those who visited the Station, Mr. Hunter was widely known and esteemed because of his keen interest and services freely given towards the beautification and improvement of the Okanagan towns. In Kelowna, he gave material aid in this regard towards the planning and general layout of the grounds of the new Junior High School and of the Hospital, and he assisted in judging at several of the shows of the Kelowna and District Horticultural Society.

The Penticton Herald states: "Mr. Hunter is leaving the farm service after eight years in charge of the Station. He was District Fruit Inspector in Penticton from 1917 to 1920, being promoted to District Horticulturist at Vernon and leaving that position to become Farm Superintendent."

"While no definite announcements have been made, it is understood that Mr. Hunter may join the service of one of the Dominion stock breeders' associations."

"Mr. William Fleming is now Acting Superintendent at the station."

"During his regime as Superintendent, Mr. Hunter created great interest on the part of the public in the operations of the Station, not only in fruit but with poultry, livestock, fodder crops, flowers, etc. The farm has for several years been a Mecca for the valley producers and for other citizens who found it a place of much beauty and interest."

THE MERRY WAR AGAINST THE MOSQUITO

President Craig Recommends Inclusion Of City Area In Operations Of Control Association

The report of the President, Mr. H. V. Craig, presented at the annual meeting of the Kelowna District Mosquito Control Association, held last week in the office of the Association, was published in a previous issue prior to the meeting, and the officers elected for 1932 were reported in last week's edition.

"A statement of the receipts and disbursements of the Association is before you. A comparison with that of last year shows that our actual receipts for 1931 were \$78.25, and for the year ending October 31st, 1931, were \$78.25, showing that the sum raised for us by the ladies' bridge drive in 1930. Our actual expenditure for 1930 was \$390.30, against \$465.25 for 1931, showing that we expended just about \$75.00 more in 1931 than in 1930. However, this is partly accounted for by the increased cost of raising funds in 1931, and it will be seen that the increased cost of spraying operations in 1931 over 1930 was \$57.36. Under all the conditions of 1931, our finances may be considered satisfactory. We have increased the balance in hand by \$33.74."

"I would like to make it clear that we have only succeeded in finishing the season with an increased balance in hand by the most rigid economy throughout the season. We have cut (Continued on page 4)

AUSTRALIA CHAFES AT DELAY OF CONFERENCE

CANBERRA, Nov. 12.—Hon. F. M. Forde, Minister of Trade, said today that Australia would enter into trade treaties with foreign countries unless the Imperial Economic Conference were held at the earliest possible moment.

Mr. Forde's statement came after a conference with Premier Scullin, and was said to be a reflection of the feeling throughout Australia that the Commonwealth has suffered for loyalty to the principle of Empire preference. The Government, it was said, does not accept the view that postponement of the Conference beyond February is necessary.

BRITISH MINE SWEEPER IS TOTAL LOSS

HONG KONG, Nov. 12.—The Canadian liner Empress of Russia reported today that the British mine sweeper Petersfield, which ran aground this morning on Tungying Island, is a total loss but that all hands have been saved.

STERLING JUMPS TWO CENTS IN NEW YORK

NEW YORK, Nov. 12.—The pound sterling featured early trading today on local foreign exchanges by spurring two cents to \$3.80.

The Canadian dollar held firm at 90 1/4 cents.

LADY MARY HEATH MARRIES AGAIN

LEXINGTON, Kentucky, Nov. 12.—Lady Mary Heath, British woman flier, divorced several months ago by Sir James Heath, her aged husband, was married today to George A. Williams, an Englishman residing in New York.

NO ONE CAUSE OF PRESENT CONDITIONS

Rev. Dr. Dobson Asserts Unemployment Problem Is Due To Number Of Factors

Despite the fact that the atmosphere was cold and wet, quite a number turned out on Monday night to hear Rev. Hugh Dobson, M.A., D.D., of Vancouver, and Mr. Grote Stirling, M.P., discuss the economic problems of the day. The meeting was held in the I.O.O.F. Temple under the auspices of the Canadian Economic Association, the second of a series, with Mr. O. L. Jones in the chair.

Introducing Dr. Dobson, the first speaker, the chairman remarked that the minister was active in social service work in connection with the United Church of Canada. He had recently visited the prairies and realized how the depression had hit the farmers in the four western provinces, yet he brought with him a message of hope.

Rev. Dr. Dobson

He appreciated the opportunity to speak on the vital problems of the day, said Dr. Dobson, but first he wished to thank all in Kelowna and district who had assisted in sending carloads of produce to Saskatchewan. "No community had done better work in this regard than Kelowna, and he had been requested to extend the thanks of the Saskatchewan people to the contributors."

Saskatchewan's Plight

In many municipalities in Saskatchewan there had been no crop in three years. Many, of course, had made provision for one or two years of adversity, but few had piled up reserves to extend over a period of three years. They were unable to pay off mortgages, interest charges, etc., and after a certain time merchants were unable to give credit. Relief was being given in the form of loans, but there were some 150,000 who had to be helped in one way or another. In some parts of the country was to be found the best soil in the prairie provinces, and the area would come back as a great centre of production. It had been dry before and there had always been a recurrence of moisture. He had visited Saskatchewan in October when considerable rain had fallen, but still more was needed for the south as there was not enough for a full crop. Furthermore, it would take three or four years to overcome drifting of the soil, a very serious matter.

Many Causes Of Unemployment

The general problem of unemployment, however, had not to do with drought. There were many causes at work in unemployment. Any man who was sure that one thing caused everything knew little, and the same applied to one cure for all unless that cure-all was made complex as whole life.

"The situation today throughout Canada," the speaker declared, "is that we have plenty and lack. Canada, to a great degree, has a surplus of the commodities essential to life. She has a surplus of wheat—250,000,000 bushels; a surplus of logs and lumber; surpluses of coal at the pitheads. She does not produce a great deal of cloth, yet there are cottons, woolsens and silks stored in Canada. That is the general situation along with plenty there is a great lack."

Canada had, in round figures, a half million people unemployed, but the actual number was not an index to the serious situation. Of sixty million unemployed in the white world, twenty millions were unemployed seriously, ten millions disastrously. For instance, a man might be unemployed for a few days at a time and yet not be suffering. A surplus of commodities essential to life was better than a surplus of cash in Canada, and he preferred Canada today to any other country, with the exception of Great Britain. The United States had more millionaires than any other country, but also a longer bread line than any other nation.

Favourable conditions in Canada were not due to brains but to her natural resources. Canada would have to be more careful in business in future years as, in the past, she had been living on the exploitation of her natural resources, which would some day come to an end. She would have to think clearly and effectively and act in relation to her lack thinking.

The Responsibility Of The Church

Referring to the responsibility of the Christian church, which promoted the sacredness of personality, Dr. Dobson declared that in holiness was justice, equity and mercy. A thing belonged to God and were created that His nature might be manifest. When things failed to meet human needs, man had failed. The trustee system by which we held things for persons was always in a state of fluctuation and adjustments were essential. Our trusteeship was fulfilled when systems were adjusted to meet human needs. Then God was glorified. When some one lost the essential quality of life then there was despair and the human spirit wilted, often never to come back to create.

(At this point a heckler, who rose to leave the room, wanted to know why the surplus could not be handed over to him and his fellows.)

Adjustment To A New World Order

A remarkable thing today, the speaker continued, was that the whole world had become a unit through inventions. The economic order had been adjusting (Continued on page 2)

BOY SCOUT COLUMN

1st Kelowna Troop
Troop First! Self Last!

Edited by "Pioneer"

Orders for week ending 19th November, 1932:
Duties: Orderly Patrol for week, Wolves; next for duty, Eagles.
Rallies: The Troop will rally at the Scout Hall on Monday, the 16th instant, at 7.15 p.m., and the regular basketball practices will be held at the same time and place on the Friday previous.

The Scoutmaster has now resumed charge of the Troop and it is hoped that Leaders and Scouts will get behind and loyally support him, so that the season ahead will be a banner year of progress. We are down in numbers now, but that makes it easier for "Better Scouting" from the number we have.

The fourth Patrol Leaders' Conference for North Okanagan, which was held at Salmon Arm on Saturday and Sunday last, the 7th and 8th of November, was an unqualified success in every way. Seven points were represented, Chase, Salmon Arm, Vernon, Oyanama, Rutland, Kelowna and Penticton, with a total attendance throughout of 26 Patrol Leaders. Scoutmaster Gray drove four over from Rutland, and Scoutmaster Swift drove six from Penticton. The Conference next year for our District is to be held at Penticton, and we appreciate the invitation from our neighbouring district to hold it there very much. At the present time Penticton is the only point at which there is a Troop in the District of South Okanagan.

The Agenda was given in last week's Kelowna Church, where service was conducted by the Rev. F. R. Hillary, who

with the exception that the knot tying competition was held in the afternoon. The full time allotted was taken up with each discussion and they were most interesting. Some of the younger Patrol Leaders, while I am sure they were bursting with things they wanted to say, failed to get rid of their ideas, but possibly by next year these ideas will fairly explode from them. A most interesting innovation was the knot tying competition, in which two were allowed to enter from each Troop. The knots to be tied were the six Tenderfoot and one other knot which the competitor could choose for himself. Seven ropes were provided and the total time taken for tying the seven knots was kept. Patrol Leader Sydney Thomson, of Salmon Arm, was first in 60½ seconds. Troop Leader Pete Ritchie, of Rutland, was second in 63½ seconds. Patrol Leaders R. Harris, of Penticton, and S. Peters, of Vernon, tied for third place in 74 seconds, and Patrol Leader Thurin Cushing, of Kelowna, was fourth in 80½ seconds.

Mr. Frank Thomson, who was originally a Cub and Scout at Oyanama, is teaching school at Salmon Arm, and is the Assistant Scoutmaster there. In the unavoidable absence of Acting Assistant Scoutmaster Bob Grant of Vernon, he exhibited and explained the slides of the 1928 Jamboree, which were much enjoyed. A.S.M. Bob Grant and two more Leaders from Vernon arrived just before the banquet in the evening was over.

The banquet was provided by the ladies of Salmon Arm, and the Girl Guides waited on the table. After each Troop had provided its item of entertainment, all the delegates were treated to the Show at the Salmon Arm moving picture theatre.

On Sunday, in the snow storm, we assembled for parade in front of the Merchant's Block on the Main Street, and from there marched to the Cenotaph, where a wreath of holly was deposited and two minutes silence observed. Thence we continued to the Anglican Church, where service was conducted by the Rev. F. R. Hillary, who

HER FACE APPEARS ON GERMAN BONDS

Fraulein Elvira Maier, of Berlin, whose face appears on the elaborate design of the latest issue of German bonds. She first came into prominence when she posed as a peasant for the design of a special bank note issue.

gave one of the best addresses to which it has ever been my privilege to listen, and which made indeed a fitting end to the Conference activities.

Scout Notes Of Interest

Cambridge University has conferred the honorary degree of Doctor of Laws upon Lord Baden-Powell, World Chief of the Boy Scouts.

The camp equipment of an Alberta Scout Troop this summer included a cow. She went along to solve the safe milk problem.

The British Ministry of Agriculture and Fisheries called upon the Boy Scouts for help during National Rat Week, which began Nov. 2.

Close to 60,000 cars were checked through Three Rivers, Que., during the four summer months by Boy Scout Information Bureaus maintained at the outskirts. The boys gave booklets to 1,761 tourists, shipped 20 spare tires and rendered first-aid 21 times.

A patrol of Indian Boy Scouts at the Sarcee Indian Reserve school near Calgary has adopted the name, the "Spotted Eagles," in honour of the World Chief Scout. The name was given Baden-Powell during his visit to Canada in 1923, when he was made an honorary chief of the Sarcee tribe. There are a number of Indian Boy Scout troops in Canada.

In St. John's Anglican church at Grand Bay, N.B., is a beautiful stained glass window memorial to a 14 year old Boy Scout, Eric Caulfield, who faced practically certain death to save a companion from drowning, and paid the great price. A Bronze Cross, the V.C. of Scouting, was awarded posthumously and presented to the bereaved parents. The window was unveiled by Archdeacon H. A. Cody, of Saint John.

NO ONE CAUSE OF PRESENT CONDITIONS

(Continued from page 1)

itself to new world conditions. There was a clear passing to a new world order, a co-operative world, and people were sensing that the system had to be adjusted to a world unit.

In good times and bad there was unemployment continuously on a large scale, and cyclical unemployment was not the real cause. Seasonal unemployment was the major cause, as in Canada there had always been seasonal unemployment, and one could not get away from that fact, which presented a big problem. Another cause could be attributed to the discoveries of modern times. Referring to unemployment in the United States, Dr. Dobson said that the net displacement in ten years, due to new inventions, was 650,000 jobs. These included theatre musicians, who were displaced by the talkies; printers, who in the large cities were losing jobs through the advent of the teletype machine; labourers, who were cut down through use of the steam shovel, etc. The use of machinery in agriculture had its effect too. A mechanical corn picker in Iowa displaced 25,000 men in one year.

To meet these conditions, the whole fabric of human life had to be adjusted. One way was to produce more and have it taken up by a rising standard of living. When industrialism spread to China, India and the whole world, what would happen? There would be a rising standard of living on a world scale, yet that condition might not take up the surplus. Another way to meet the situation was to put into effect a shorter day week, but that would introduce the problem of what to do with leisure, a truly difficult matter. Still another way was to raise the school age to absorb employment, and another was to encourage early retirement from business.

Effects Of Competition

Dealing with cyclical depressions, which had many and varied causes, the speaker remarked that one reason advanced was that too much had been spent on plant and equipment. The competitive system in life had driven us towards co-operation and specialization—the necessity of procuring raw products had driven the world to uni and competition had created a stimulus to acquisitiveness. When he stated we were to have a co-operative world, the speaker did not mean it would be fashioned along the lines of Russia or Italy, whose systems were based on tyranny. None of those systems represented what was to be. The competitive system presented certain evils—grafting and corruption in business and political life, the desire to acquire by dishonest methods, and there would have to be a "sluffing off" so far as the system led to dishonesty.

Economists recognized that too large a portion of capital became invested in factories and equipment—that is, too large a portion in comparison with incomes provided to the masses. For instance, in the United States alone there were enough factories to produce 900,000,000 pairs of shoes a year, yet they needed only 300,000,000 pairs. With large stocks on hand, they started high pressure salesmanship, and in the end they had to dismiss large numbers of employees. Only systematic planning and forecasting would remedy this.

Canada might be required to open new markets in the Orient for wheat, timber and minerals, but, while it might be possible to get these markets, they would be good for only twenty-five or fifty years because in that time there would be industrialism there.

Need Of Sound Appraisals

In conclusion, Dr. Dobson reminded his hearers that no man lives unto himself, no man unto himself, for when that was attempted preparation was made for self destruction. The surest way to meet the needs of the world was to kindle understanding. The Canadian Economic Association, by trying to discover truth, was making a valuable contribution to the country. There had to be effort on the part of the masses to get together in order to arrive at sound appraisals.

When the applause had subsided, the chairman commented upon the new part the church was playing, and he was glad that a new "fire-brand" had appeared in the United Church. With all the wealth in the world and people going without, there was something radically wrong. Mr. Stirling, the next speaker, was the one who ultimately had to carry all the blame, and they would get next the angle of the politician. What was needed was a way of welding political thought with Christian action. Delay caused distress, and if the welding process did not take place, Canadians suffered. In Mr. Stirling this constituency had a man who would do the utmost for his fellow man.

Mr. Grote Stirling, M.P.

In opening his address, the federal member for Yale said that the introductory remarks of the chairman made his task no easier. To carry the full blame was far beyond his possibilities. Speaking for his colleagues in parliament, were anxious to find a solution to present problems.

He had listened, Mr. Stirling said, to an interesting, lucid and thoughtful address by Dr. Dobson, who had given his hearers many things to think about. The Canadian Economic Association had for its objective the study of economic conditions in the hope that opinions formed might bring improvement generally. In past years the same problems had been studied in colleges and elsewhere, and such efforts had been of avail as conditions today were an improvement over the nineteenth century.

Machinery The Master

Machines were becoming the master of men. One hundred and fifty years ago machinery was introduced to the weaving industry and many were thrown out of employment. Machines, however, as was evidenced by roadmaking machinery, reduced the cost of construction and made appropriations go farther. But with machines taking the mastery over man things would have to adjust themselves, and he had reason to hope that the ingenuity of man would help with the readjustment.

It was contended by many that conditions today were worse than ever be-

1ST RUTLAND TROOP

"Do A Good Turn Daily"

Orders for the week ending Nov. 14th:
The Troop will parade in the Hall on Friday at 7.45 p.m. sharp. Full uniform to be worn.
Duty Patrol: Seals.

Only twelve Scouts and the T.L. answered the roll at the first meeting of the season on Friday evening last. Two P.L.s. were among the absentees. We hope for a better showing at the second meeting.

The Troop Leader, one Patrol Leader, two Seconds and the S.M. attended the Patrol Leaders' Convention at Salmon Arm on Saturday and Sunday last. A very fine time was had and the people of Salmon Arm showed the visitors every hospitality. Rutland's Troop Leader came second in the knot tying contest during the games period on the Saturday afternoon. A full report of the convention will no doubt appear in the Kelowna Scout column.

The Troop will participate in the Remembrance Day service here on Nov. 11th.

A. W. GRAY, Scoutmaster.

fore, but Mr. Stirling did not know whether or not such was a fact. There had been many depressions in his time. We had to face conditions as they were today, but it was no easy matter to be sure we had the facts on which to base judgment. Sole reliance could not be placed on what was read in the newspapers, which reported public speeches, as inaccuracies might come from the speakers themselves. "If our investigations are to be productive, we must get at the facts," Mr. Stirling emphasized.

Facts Must Be Obtained

Referring to the Canadian wheat pool, the British press had said that the pool was disastrous. It handled fifty-three per cent of Canadian wheat. If the pool was to blame, what was the (Continued on Page 7)

EVEREADY PRESTONE THE PERFECT ANTI-FREEZE

9 Reasons why it is the Perfect Anti-Freeze

- 1 Gives complete protection
- 2 Does not boil off.
- 3 Positively will not damage cooling system.
- 4 Will not heat up a motor.
- 5 Circulates freely at the lowest operating temperatures.
- 6 Will not affect paint, varnish or lacquer finishes.
- 7 Non-inflammable.
- 8 Odorless.
- 9 Economical—one filling lasts all winter.

This free-flowing anti-freeze keeps your engine running cool—as well as safe from freezing—and that's important for economical driving. . . .

THE KELOWNA COURIER

AND
Okanagan Orchardist.

Owned and Edited by
G. C. ROSE

SUBSCRIPTION RATES
(Strictly in Advance)

To all points in Canada, outside the Okanagan Valley and to Great Britain, \$2.50 per year. To the United States and other countries, \$3.00 per year.
Local rate, for Okanagan Valley only (One year, \$2.00; six months, \$1.25).

The COURIER does not necessarily endorse the sentiments of any contributor. To ensure acceptance, all manuscripts should be legibly written on one side of the paper only. Typewritten copy is preferred.

Letters to the editor will not be accepted for publication over a "nom de plume"; the writer's correct name must be appended.

Contributed matter received after Tuesday night may not be published until the following week.

ADVERTISING RATES

Contract advertisers will please note that their contract calls for delivery of all changes of advertisement to The Courier Office by Monday night. This is in the mutual interests of patrons and publisher, to avoid confusion on Wednesday and Thursday and consequent night work, and to facilitate publication of The Courier on time. Changes of contract advertisements will be accepted on Tuesday as an accommodation to an advertiser confronted with an emergency, but on no account on Wednesday for the following day's issue.

Transient and Contract Advertisements—Rates quoted on application.
Legal and Municipal Advertising—First insertion, 10 cents per line, each subsequent insertion, 5 cents per line.
Classified Advertising—Such as For Sale, Lost, Found, Wanted, etc., under the heading "Want Ads." First insertion, 10 cents per line; each additional insertion, without change of matter, 10 cents per line. Minimum charge per week, 30 cents. Count five words to a line.
Face initial and group of not more than five figures counts as a word.
If no desired, advertiser may have replies in 24 hours, box number, care of The Courier, and forwarded to their private address, or delivered on call at office. For this service, add 10 cents to cover postage or filing.

THURSDAY, NOVEMBER 12, 1931

C.N.R. TRAIN SERVICE

The telegram from Vancouver in relation to the changes to be made in the C.N.R. train service in the Okanagan, published on the front page of this issue, will be read with mixed feelings by the residents of the Kelowna district.

While it is realized generally that business conditions and the finances of the Canadian National Railways demand strict economy, it is somewhat difficult for the layman to appreciate what amount of real economy is effected in the new schedule in the Okanagan, and the management might take the people into their confidence and explain the savings to be made, which would seem to consist principally of combining a certain measure of the freight business with passenger traffic in so-called "mixed" trains.

With the south-bound service little issue can be taken, but the north-bound timetable offers grave objections and it constitutes a distinct step backwards. It simply means that it will take from 9.30 in the morning until evening for residents of this district to make connection at Kamloops with the main line trains, east and west, instead of leaving at 3.15 p.m. as at present, a difference of nearly six hours. The obvious result will be loss of the bulk of the Coast-bound passenger business, which will transfer naturally to the C.P.R., whose service via the Kettle Valley route lands passengers in Vancouver from Kelowna in less than thirteen hours.

No mention is made in the dispatch as to steam connections from the south, but presumably the "Pentown" will leave Penticton about 6 a.m., if connection is to be made with the north-bound train. It is not difficult to foresee the result upon passenger business from the south.

So far as the north-bound schedule is concerned, the economies to be put into effect may prove to be dearly bought, and it seems fairly safe to predict that reversion will have to be made ere long to something approaching the timetable now in effect.

WESTBANK

Mr. and Mrs. Halpin Moffat arrived home on Saturday, after spending their honeymoon at the Coast.

Mr. and Mrs. Tom Carter, of East Kelowna, spent the week-end with their parents, Mr. and Mrs. E. C. Paynter.

Mr. Tweedy arrived on Monday night from Saskatchewan to join his wife and son at Mr. James Duncan's.

Messrs. J. Joynton and R. Joel-Taylor, of Oliver, were the guests last week of Mr. H. O. Paynter.

On Friday night Mrs. Washington Brown gave a dance at her home, in aid of the Basketball Club. A crowd of young people turned up and spent a jolly evening. The sum of \$5 nett was collected towards a new ball.

Mrs. Grinewald and baby returned from Kelowna last week and are staying at the Hotel. Messrs. Grinewald and Hicks have also come back from Saskatchewan, accompanied by two men friends. They say that Saskatchewan is getting too Bolshevik to live in.

The first frosts have arrived, but there are still flowers doing their best to make a show. At Glenora there is about six inches of snow.

Mr. George Brown spent the week-end with his parents, Mr. and Mrs. Washington Brown. He was accompanied by Mrs. Bonnar and Miss Ada Bonnar, of Oliver. Mrs. Charlotte Brown returned to Nelson with her brother to spend a vacation with Mrs. J. Hicks.

"Angus, are ye no-comin' out for a wee bit walk?"
"What! And me just bought the house!"

IMPORTED FEEDER CATTLE ON DISTRICT RANCHES

Animals To Be Grain-Finished During Winter And Sold In Spring

A matter of interest to farmers and stockmen of this district has been the recent arrival of five carloads of feeder cattle consigned to Mr. F. Casorso and the Okanagan Loan and Investment Trust Co. These cattle are a very fine lot, all yearling steers of Short-horn Hereford pedigree, and were shipped in under the Beef Finishing Policy, as sponsored by the B. C. Beef Cattle Growers' Association and the Provincial Department of Agriculture. The cattle were supplied by the Western Canadian Ranching Company and were shipped from Ashcroft. Mr. Casorso has taken ninety head, and the Okanagan L. & I. Co. sixty head, which will be grain-finished during the winter at the Black Mountain and Simpson ranches respectively and will be sold on the early spring market.

The Beef Finishing Policy under which these cattle are being put out is similar to the Southern Alberta Policy, which has been carried on for two years, this year, three thousand head have been put out among farmers in that province. The policy is being investigated in British Columbia this year, and some three hundred head are being put out in various agricultural sections of the province to test out the scheme under B. C. conditions.

The cattle are not sold to the farmer but are weighed in to his feed lot at no set value. The farmer grain-finishes the cattle during the winter months. The animals are sold on the early spring market and the feeder receives for his share market price at time of sale for all the increased weight which he has added to them during the winter plus one and one-half cents per pound on the weight of the cattle turned in to him at the commencement of the feeding period. The rancher supplying the cattle retains ownership of them until they are sold and receives as his share a slightly higher price than if they had been sold for immediate slaughter. The feeder puts up no money for the cattle and losses are covered by an insurance fund. Only good beef type feeder steers are put out under the policy and all the steers are dehorned and vaccinated.

It is believed that the policy will work out well in this province as it has done in Alberta. Many of the farming sections have a surplus of grain and hay which can be marketed through this means. The consumer demand for young, well-finished beef is increasing, and this policy should tend to spread the beef marketings over a longer period than formerly, when practically all the cattle were marketed from June until December. Should the policy prove successful, it will be extended further and more cattle will be available next fall.

Mr. A. W. McMorran, Vice-President of the B. C. Beef Cattle Growers' Association, is chairman of the committee in charge of the scheme. Supervision of the feed lots is being attended to by Mr. G. W. Challenger, Department of Agriculture, Kamloops.

PLENTY OF FUN IN BRITISH PICTURE

"A Warm Welcome" Fairly Scintillates With It

Those who relish a hearty laugh—rather a whole crowd of laughs—will have a rare opportunity to gratify their taste on Friday and Saturday, when they view "A Warm Welcome," a hilarious British picture.

Based on the play of the same name which had a prolonged run at the Prince's Theatre, London, and played by practically the same cast, it is one of those sparkling comedies which have recently lifted British pictures into the forefront of the movies and definitely established the position of the British studios.

"A Warm Welcome" scintillates with mirthful situations and witty lines, handled by the greatest of British comedy players, Leslie Henson, while its rapid action and constantly changing and often elaborate sets add to the general brightness.

Joe E. Brown, who has won laurels to his record as the screen's funniest actor in his new First National starring vehicle "Broad Minded," which comes to the theatre on Monday and Tuesday. Joe is a one-man laugh riot from the beginning of the picture to the end. There is never a dull moment in the melange of mirth. One of the most prolific of the comedy stars, Joe has appeared in a good share of the comedy hits of the past season and his last laugh vehicle is said to be his best.

The supporting cast includes William Collier, Jr., Ona Munson, Marjorie White, Margaret Livingston, Thelma Todd and others.

"Sporting Blood," a sensational drama of the turf, will be the attraction at the theatre for Wednesday and Thursday, based on the Saturday Evening Post story entitled "Horseflesh."

Clark Gable, who recently scored in "A Free Soul," and Madge Evans, of "Son of India" fame, play the central roles as the blackjack dealer and the gambler's sweetheart respectively, who, in seeking to rehabilitate an abused racehorse, find rehabilitation for themselves. Others in the cast are Ernest Torrence, Lew Cody, Marie Prevost and J. Farrell McDonald.

BRIAND APPEALS FOR PEACE IN MANCHURIA

GENEVA, Nov. 12.—M. Briand, as chairman of the League of Nations Council, today called upon the Japanese and Chinese governments to make every effort to prevent any new military action in Manchuria.

The Kamloops Board of Trade favours asking the government for a closed season on beaver for five years. The matter was introduced by the Williams Lake Board of the Associated Boards of Trade of the Cariboo, and Kamloops Board was asked for its views.

"When your wife starts to talk does she know when to stop?"
"I don't know yet; we've only been married nine years."

YESTERDAY TODAY TOMORROW

By R. M. R.

Showing Our Colours

This column, from behind the screen of a nom de plume, has enjoyed itself immensely in its own inoffensive way. With this new headaddress, prompted by the amazing popularity of the Empress Eugenie hat, it hopes, however, to survive longer than the said hat. Columbian is an ephemeral malady, having no more drastic effect upon the victim than to leave him a little weaker in the head than when it seized him. The thing that ultimately drives him mad is if he sticks to it long enough—or too long—is finding new ways to tell old stories or springing paradoxical Chestertonian in every other paragraph. If Edison hadn't said that genius is ninety-nine per cent perspiration, this column is produced through genius. It isn't, though—there's a tenth of perspiration missing.

Flier For Exhibition

Writing in a Los Angeles newspaper, a Californian says blithely that Canada has no flies. While in the flyless regions of Vancouver he saw only one fly, and that, he declares, was probably an American tourist.

I would be glad to stage a fly exhibition for the Californian if he comes this way. I have several hundred in training at the moment, and it would be a simple matter to take another squadron under my wing.

Singular success has rewarded my efforts to make a fly substitute for an alarm clock. Every morning without fail, Percy, my squad leader, alights forcibly on the tip of my nose, braves the sonorous breeze, awakes me and makes his escape.

So far, everything has been slapped but Percy.

Everyman's Duty

Down in the Maritime Provinces, during the days of the War, the wealthiest man in a certain town scorned all appeals for help made by the various organizations at home who were trying to do their bit while their kin were overseas. While he made money at their expense, his inevitable sneering remark was to the effect that those who had volunteered for active service were better off than they had ever been before—and their wives had more money than they could spend wisely. Patriotism was a lot of bunk, and he was not subscribing to any flag-waving fund.

Most ex-service men agree that war is needless sacrifice, but if it cannot be avoided the obvious course is to plunge in and do it as quickly as possible, and to do that the assistance of everybody is needed. The man to whom I refer responded to none of the nobler impulses, if he felt them, but following a series of reverses after the War, he went to his grave a poor and broken man.

Probably today there is as much need for sacrifice as there was from 1914 to 1918. With Christmas approaching and with many families in dire need, even in the comparatively prosperous Okanagan, there is a job of soldiering for every man and woman of moderate circumstances. If he or she is not contributing something to the happiness of others, he is not realizing true happiness himself, but a superficial content which smothers conscience for the time being.

Most men and women have no desire to emulate the individual I have referred to. But the danger exists, if they are not connected with any welfare organization, of minimizing the importance of small donations. It would repay a national committee to make a personal canvass, centring their efforts upon single men and women and married couples without families who are not already doing their bit. Even if contributions are small, "great oaks from little acorns grow."

I'll start the subscription with a dollar, which is too much money for a columnist to have in his possession all at one time.

Beauty, Whence Comest Thou?

Girls, gather round; this is for your eyes. I'm sure no man will read further.

The other day a Frenchman of my acquaintance came to town on a hurried visit. He looked me up and we took a stroll around this fair Orchard City, which, according to my friend, who has been a long time away from gay Paris, is fairer than I realized.

This particular young Frenchman has an eye for beauty, and if fifty million Frenchmen can't be wrong surely this one must be right. Hear him rave to me, twisting his neck in all directions as we go down the street (once he walked into a telephone post and swore eloquently in virgin English):

"Ah, ze lovely figure, ze exquisite curve, ze tilt of ze head, ze flash of ze eye, ze so aristocratic profile, ze perfect legs, ze divine carriage, ah!"

And so on. Well, that chap had me looking right and left until I was dizzy and because I did not goggle with joy when we passed one of those "exquisite curve" he wondered if I could be blind or just suffering with an inexcusable lack of appreciation of pulchritude divinely feminine.

Well, I hardly know. Distant fields are ever green. Here at home we develop a philosophical attitude, even with pretty girls. Now in Paris two hundred pounds of avoidpous might make our heart flutter.

Anyhow, I got the Frenchman out of town before he landed in jail.

A man's reputation is made as much by what he leaves unsaid as by what he says.

OKANAGAN LAKE YIELDS TWENTY-FOUR POUNDER

Biggest Trout Taken In Many Years Gives Angler Hard Fight

The largest trout taken out of Okanagan Lake in recent years of which there is any record was caught by M. McDougall off Strimling's wharf on Friday morning last. This miniature Okegogo weighed twenty-four pounds dressed and measured about three feet in length, the first fish ever to rest in Spurrier's display case with its tail turned up.

After a fight of an hour and twenty minutes, Mr. McDougall succeeded in gaffing this prize of the Okanagan. He fished with an ordinary rod, using the popular and effective Darddevil lure, which was recommended in these notes last week. Besides this big fellow, Mr. McDougall caught two 10-pound beauties to round out a real day's fishing!

Charles Marty still leads with the longest pheasant in Spurrier's competition for the longest long-tails, no larger birds having been entered in the past week. His pheasant measures 41½ inches from tip to tip. The season closes on Sunday, November 15th.

Ducks are fairly scarce. At Munson's slough, on Sunday afternoon, there was a heavy bombardment but not a large number of birds fell. Bill Thomson and Lloyd Turner, of the A. J. Smith Garage, knocked over five ducks in the day's shooting.

It is reported that about twenty-five deer have been shot in this territory in the past week or ten days.

THE MERRY WAR AGAINST THE MOSQUITO

(Continued from Page 1)

our work to the bone and only undertaken what was considered absolutely essential. There have been numerous complaints throughout the season, all of which have been carefully investigated and the conditions remedied where possible. It must be remembered, however, that where a complaint is received it is evidence that something has slipped, some area has been overlooked. When the complaint is received, the damage has been done and is then past remedy. All that can be done is to note it for the future and see that it does not happen again. With the small amount of money at our disposal, it is impossible to have a man continuously on patrol throughout the large area of our operations. We do claim, however, that we have, for the last three seasons, obtained a substantial measure of control throughout the entire area.

"I drew attention to the fact that we had expended nearly \$600.00 more this year in spraying operations. This may fairly be attributed to the work which we did in the city area. We made a survey of the sloughs within the city boundaries early in the season and found that the mosquitoes were making their appearances weeks ahead of last year. Immediate action was necessary and, after consultation with Mr. Blakeborough, we undertook to spray the city sloughs. We put two men on immediately and were fortunately in time to check a tremendous hatch of mosquitoes which would have occurred in the next few days. We kept patrolling the city area throughout the season, in addition to our own area outside, undertaking spraying wherever conditions were urgent; we worked closely in conjunction with Mr. Blakeborough and directed his attention to any activity we discovered.

"We believe that more effective control can be obtained by the Association assuming the responsibility for the city area instead of the City authorities, the City making us a grant for the purpose. We believe the City officials are now inclined to favour this view.

"A committee of ladies kindly volunteered to raise funds by means of a raffle. Owing to adverse conditions it proved a task of no little difficulty, and the substantial sum of \$324.00 raised by their efforts indicates the tremendous amount of work they put in. The Association desires to express its appreciation of the work done by this committee.

"We also desire to express our appreciation of the support, in the form of donations, received from various firms and companies in the city who yearly show themselves good friends of the Association.

"We are fortunate in having three favourable seasons in succession for our work. Sooner or later we shall have the 'rainy day,' and it is for that we are endeavouring each year to carry forward an increased balance. An expenditure of twice what we spent this year would be needed in a really unfavourable year."

There are 4,500,000 pupils enrolled in high schools in the United States. This represents more than 51 per cent of all children between 15 and 18 years of age in the country.

It is said that there are 11,896,780 different hands possible in the game of bridge, and some fiends we know seem to have played them all.

Keep the car with shatterproof glass out of the strong rays of the sun. Streaks are likely to appear in the new composition and will be impossible to remove.

Man's greatest blunder has been in trying to make peace with the skies instead of making peace with his neighbours.

N. O. Youmans: The more I see of books that don't sell the more I think of the intelligence of the reading public.

A tree-planting machine that can plant trees six feet apart on a 10-acre area in a day has been invented.

TEETH IN THIS ONE

A Scot and a friend were walking along the street in our fair Orchard City.

The Scot pulled a handkerchief from his breast pocket and a set of false teeth clattered to the pavement.

"Where did they come from?" asked his friend in surprise.

"Well," said the Scot, "they belong to 'th' wee wifie. She's taken 'em eatin' between meals o' late."

NEW CANNED GOODS OFFERING

We are receiving our first consignment of ROYAL CITY canned fruit and vegetables of this season this week—71 cases from their New Westminster plant and 75 from the local cannery.

ROYAL CITY CANNED GOODS are decidedly a British Columbia product and of the highest quality—the natural flavour and tenderness obtained in them is unsurpassed. We have, this year, purchased directly from the manufacturers, which benefit, combined with the prevailing low price on canned goods, permits us to now offer this superior line at remarkably low prices.

See our Window Display and get quantity prices.

GORDON'S GROCERY

GROCERS PHONE 30 KELLER BLOCK

Tom: I have courted your daughter for fifteen years.
Dad: Well, what do you want?
Tom: To marry her.
Dad: Well, I'll be darned. I thought you wanted a pension or something.

Elementary, Watson

Gumm: Do you know any reliable rule for estimating the cost of living?
Boyle: Yes. Take your income—whatever that may be—and add 10 per cent.

Call An Oculist

Honey: That boy you were driving with has trouble with his vision?
Girl: Yeah, he sees parking spots before his eyes.

Some husbands are so mean that they actually enjoy seeing other men get married.

TIME

Charlotte—It must be three years since I saw you last. I hardly knew you, you have aged so.

Clarissa—Well, I wouldn't have known you either, except for that hat.

The Executive and members of the Kelowna Branch, Canadian Legion, desire to convey their cordial thanks to the general public, the public bodies and fraternal organizations for their attendance at the memorial service at the Cenotaph on Remembrance Day, to the City Band for their services so generously given, and to the ladies who kindly undertook the work of selling poppies on Poppy Day up to the anniversary of the Armistice, both in town and country, in aid of the Legion Relief Fund. 14-1c

REWARD OF \$25.00

Will be paid for information leading to conviction of any person illegally setting out POISON in city or neighbourhood of Kelowna. Apply to City Police. 14-2c

THE CORPORATION OF THE CITY OF KELOWNA

LOCAL IMPROVEMENT BRANCH SEWER

Take Notice That:

(1) The Council of the Corporation of the City of Kelowna has constructed as a local improvement, a branch sewer on the lane in Block Five (5), in Registered Plan Four Hundred and Sixty-two (462), from Water Street to Lot Three (3) of Block Four (4), in Registered Plan Four Hundred and Sixty-two (462), and on the lane between Blocks Four (4) and Five (5) of Registered Plan Four Hundred and Sixty-two (462), from Eli Avenue to Leon Avenue.

(2) The cost of the work is \$1,431.52, of which no portion is to be paid by the Corporation. The annual special rate for foot frontage is 16.236 cents. The special assessment is to be paid in ten annual instalments.

(3) The estimated lifetime of the work is ten years.

(4) A Court of Revision will be held on the 14th day of December, 1931, at ten o'clock in the forenoon, at the Council Chamber, Kelowna, B.C., for the purpose of hearing complaints against the proposed assessments or the accuracy of frontage measurements and any other complaint which persons interested may desire to make and which is by law cognizable by the Court.

G. H. DUNN, City Clerk.

Kelowna, B.C., November 10th, 1931. 14-5c

RUTLAND POUND DISTRICT

Pound Sale

Notice is hereby given that I will, at 2 p.m., on Saturday, November 14th, 1931, sell at Public Auction at the Pound kept by me at Rutland, in the Province of British Columbia, the following impounded animal, namely: one bay horse with white face and two white hind feet.

Dated the 11th day of November, 1931. 14-1c

ALBERT CRAGGS, Poundkeeper.

"Is your wife economical?" "Sometimes. She had only 26 candles on her 40th birthday cake last night."

Local and Personal

Mr. Charles Gaddes returned from Vancouver on Monday.

Fred Burr, jr., returned home last week from a visit in Vancouver.

Mrs. L. A. Carey and family left last week by Canadian Pacific for Victoria.

Mr. and Mrs. W. Jolley and Mr. Don Jolley returned on Sunday from a trip to the Coast.

Mr. Robert L. Morrow, of Pemberton & Son (Vancouver), Ltd., paid a visit to town on Tuesday.

Mrs. H. B. Latimer, of Camrose, Alta., is visiting her sisters, the Misses Harvey, Bernard Avenue.

Rev. Father W. B. McKenzie left on Monday for a visit to Nelson. It is expected he will return home on Friday.

Mr. H. D. Somerford left on Tuesday by Canadian Pacific for Vancouver, whence he will sail on the s.s. "Niagara" for New Zealand.

Mrs. A. L. Lewis and son, of New Westminster, are spending a few weeks at the Royal Anne Hotel. Mrs. Lewis is Mr. V. D. Lewis' sister-in-law.

Rev. Hugh Dobson, M.A., D.D., of Vancouver, and Mr. C. J. Clark, of Vernon, were guests of the Kelowna Rotary Club at their regular weekly luncheon in the Royal Anne Hotel on Tuesday.

Messrs. John Moore, W. J. McFadyen, A. D. Ross and D. B. McLean, of Vancouver, examiners for the Royal Bank of Canada, are in the city on a tour of inspection. They are registered at the Royal Anne Hotel.

A number of Kelowna Rotarians visited the Kamloops Rotary Club on Wednesday of last week. They included President W. E. Adams, Dr. W. J. Knox and Messrs. Frank Blackland, S. McKenzie, W. Maddin, B. McDonald, R. Gordon, Harry Broad and W. Lloyd-Jones. Dr. Knox addressed the Club and Mr. McKenzie rendered several vocal selections.

The drawing for the quilt made by the Kelowna Women's Institute in aid of the Ambulance Fund took place, through the courtesy of Manager W. Maddin, in the Empress Theatre on Friday night. The winning ticket, No. 127, was held by Miss E. Gordon. The quilt had been on display in the window of Mr. J. E. Reekie, Bernard Ave., for the past two weeks.

Officials of the West Kootenay Power & Light Company who are in the city on business in connection with the extension of service to the outlying districts include Mr. J. B. McDonald, of Rossland, Mr. A. B. McDougall, of Grand Forks, and Mr. E. E. Gibson, of Penticton. Mrs. McDonald and Mr. Gibson are accompanying the party, and all are registered at the Royal Anne Hotel.

The annual Catholic bazaar will be held in the I.O.O.F. Temple, on Saturday, November 21st, commencing at 2:00 p.m. Besides a splendid assortment of fancy work, home cooking and farm produce, a wide variety of amusements will be offered and tea will be served all afternoon, while a delicious and piping hot Italian supper will tempt the appetite of patrons between 5:30 and 8:00 p.m.

The first snowfall of the season took place on Sunday morning. The snow was very soft and wet and melted as soon as it fell except for the hillsides, which retained a thin mantle of white for most of the day. There was a noticeable drop from the pleasant fall temperature which had prevailed, and the weather since has been more characteristic of November, raw and damp with chilly breezes.

According to a wire received from Vancouver on Monday, Mr. Louis Ramponi, of Kelowna, collapsed in a restaurant there that day and was removed to hospital, where it was stated that his condition was showing improvement. The name of the hospital was not given in the dispatch, and no further particulars are to hand. Mr. Ramponi, who is an aged man, is a very well-known farmer in the Kelowna district.

"Laugh and the world laughs with you, weep and you weep alone." Everybody will be laughing at First United Church on Friday evening, November 20th, when the Bernard Avenue Group of the Ladies Aid of the United Church will present a laughable comedy-drama entitled "The Rebellion of Youth." Twelve capable amateur performers have been rehearsing their roles in past weeks and the entertainment should be most enjoyable. A matinee will be given on Saturday, November 21st.

Many friends in the Kelowna district and throughout the Okanagan will be deeply grieved to learn that Lieut.-Col. W. L. Fernie, of Kamloops, Inspector of Provincial Police, has succumbed to severe injuries received in a motor car accident on Sunday. Col. Fernie had a record of many years of splendid service in the Provincial Police, and he also was a veteran of the South African and of the Great War. He continued to interest himself in military matters after the war and recently took over command of the 5th B. C. Light Horse.

Included in the cast of a motion picture entitled "Monkey Business," which will probably be shown here in the near future, is Miss Maxine Dalgleish, talented daughter of Mr. A. D. Dalgleish, of the West Kootenay Power & Light Company, who is residing here while the work of extension of service goes on. Miss Dalgleish appears under the stage name of Maxine Castle and is living in Los Angeles, where she is achieving success as an opera singer. She received high praise from critics recently as Venus in the Los Angeles Grand Opera Association production of Wagner's "Tannhauser."

DUCHESS M.P. RE-ELECTED

Doubling her former majority in the Kootenay and Western division of Scotland, the Duchess of Atholl, Conservative, was re-elected to the House of Commons in the British general election.

CREDITABLE RECITAL BY YOUNG MUSICIANS

Pupils of Mrs. Hampson Give Good Account of Themselves

The annual recital given by the pupils of Mrs. Hampson, R.I.A.M., was held in the Farris Hall at Okanagan Mission on Friday last, when some sixty people enjoyed hearing the work of these promising pupils. When so much evidence of sound teaching and excellence of performance is shown it is difficult or invidious to mention anyone in particular, but Margaret McKenzie's finished rendering of two Chopin numbers certainly calls for notice. Very creditable performances were also given by the following: Phyllis Sarsons, Kathleen Hall, Edna Burns, Yvonne Baldwin, Fanny Chaplin, Primrose Walker, Essie Walker, Rosie Johns, Lillian Symonds. A duet by Marjorie Lee and Mrs. Hampson gave great pleasure.

Disappointment was felt at the absence, through illness, of little Sheila Hampson, aged five years, who obtained 137 marks out of a possible 150 at the Associated Boards Examination last June. Certificates awarded as a result of the June examinations by the Associated Boards of the Royal Academy and the Royal College of Music, London, England, were presented to the following: Phyllis Sarsons, Kathleen Hall, Yvonne Baldwin, Fanny Chaplin, Sheila Hampson, Primrose Walker, Essie Walker.

Special annual prizes given by Mrs. Hampson were presented to Kathleen Hall and Sheila Hampson.

WINFIELD

Mr. J. Todd had quite a bad motor accident on Saturday evening at the north end of Duck Lake. He was coming home from Kelowna about seven o'clock when a car from Oyama which he was meeting ran into him and upset the car. Mr. and Mrs. Todd and Mrs. and Miss Grace Brodie were in the car and all had to be helped out through one of the windows. Mrs. Brodie was taken to the hospital, but fortunately none was seriously hurt. Both cars had to be towed to the garage.

The regular meeting of the Women's Institute was held on Thursday afternoon. Mrs. Stevens, of Westbank, gave a very interesting address on home industries. She also had a large assortment of things with her which she had made herself, including a quilt, a wool comforter and an afghan.

A report of the card party and dance showed a balance of just over fifty dollars. This is to provide the Christmas treat for the children and if there is any one who would still like to give to this fund, Mrs. Elliott will be glad to receive donations.

Dave and Walter Edmunds have moved to a ranch at Lumby.

WOUNDED RIOTER IN HANDS OF LONDON POLICE

It was necessary to summon mounted police to disperse unemployed who staged a demonstration in front of the British Museum in London recently. A rioter, with blood streaming down his face from the blow of a baton, is seen in the picture being escorted by two constables from the scene of the fracas.

BADMINTON

Indoor Game Continues To Hold Its Popularity

The Badminton season is now in full swing, and the game is proving as popular as ever. This is no doubt partly due to the splendid hall which Kelowna players are fortunate enough to possess.

In addition to an American Mixed Handicap Tournament being arranged shortly, the first team journey to Penticton on the fifteenth, while the second team will try conclusions with Penticton second team here on the same date.

A match with Kamloops has also been arranged for November 22nd, the first team visiting Kamloops and the second team playing here.

Over twenty new members have joined the Club this season, and anyone considering playing this winter is urged to join now and secure a long season's play.

EAST KELOWNA

Mr. and Mrs. Porter and family have now moved into their new home adjoining the school ground on the Lower Bench. This is the second new house built within the last six months. Miss Grace Porter is spending a few days with friends at Armstrong.

The first general meeting of the season of the Women's Institute was held on Tuesday, 10th inst., in the Community Hall. After the minutes had been read, the Secretary's and the Treasurer's reports were given, which showed that a total of \$337.98 had been received during the past year. Reports were received from the Well Baby Clinic, Convener and also concerning the Hal-loween Party. The quilt, for which tickets are still obtainable, is to be raffled around Christmas.

The Institute has had two useful gifts presented—two strong card tables from Mr. A. B. Woodd and a half-dozen nice teaspoons for use at the Institute meetings from Mrs. Grogan, for which the Committee extend their thanks to the donors.

A vote was taken from the ladies present as to their opinion as to the advisability of holding the usual Christmas Tree this year. This is a community affair, and all present were in favour of continuing same. A public meeting will shortly be called to arrange for necessary preparations.

It was decided to hold the children's socials on alternate weeks, the committee for November to consist of Mrs. J. Wilcox, Mrs. W. Wilcox and Mrs. Fairweather. The next two children's evenings will be held on the 15th and 29th November.

A resolution, protesting against unfair freight rates, was carried unanimously, and this will be forwarded to the proper quarter.

It was resolved that the Institute donate a silver medal for competition at the next Musical Festival. A petition for disarmament was received and signed by various members. This will be posted up in a public place, and it is hoped that many more signatures will be added to this document. Tea was then served by Mrs. Ferguson and Mrs. Woodd, and afterwards Mrs. Thorpe read her report on the convention held at Keremeos last month, for which she received a hearty vote of thanks.

Mr. Charles Tucker is very busy at present assembling the Kelowna district exhibit for the International Apple Fair to be held next month in Vancouver, and everyone will wish success to the exhibit.

OKANAGAN MISSION

The Sunday School re-opened last Sunday at 3 p.m. About fifteen pupils were present. A teacher is still required for the children of kindergarten age.

Last Friday evening, at 5 p.m., Mrs. Hampson, R.I.A.M., gave a recital at the Farris Hall in order to give parents and friends of her pupils an opportunity of judging the progress made during the year. It is obvious from the number present—between forty and fifty—that these recitals are much appreciated. Of the eleven girls who played, all but two, Edna Burns and Marjorie Lee, were from the Mission.

WIMMING STADIUM FOR OLYMPIC GAMES

Large Pool At Los Angeles Nearly Ready For Use

The swimming stadium, in which will be held the swimming, diving and water polo events of the games of the Tenth Olympiad, to be celebrated at Los Angeles from July 30th to August 14th, inclusive, 1932, is now approaching completion in Olympic Park. The pool, which has been designed in accordance with Olympic requirements, will be 50 metres (164 feet) in length, 20 metres (65 feet) in width, and will vary in depth from 1.5 metres (4 feet, 11 inches) to 5 metres (16 feet, 5 inches). The water will be from the fresh water supply of the city of Los Angeles, and modern filtration and purification equipment will be used. The stadium will be of reinforced concrete construction, with a seating capacity of 10,000 people.

Starting with the swimming race of the Modern Pentathlon on August 5th, there will be eleven days of water sports.

MUSICAL FESTIVAL TO CONTINUE IN KELOWNA

Seventh Annual Event Will Be Held Here In April Next

The Okanagan Valley Musical Festival will be held in Kelowna for the seventh successive year on April 28th, 29th and 30th, 1932.

This was decided at a general meeting of the Okanagan Valley Musical Festival Committee held here on Thursday last, when the following committee members for 1932 were elected: Mr. C. E. Campbell, Mrs. J. A. S. Tilley, Mrs. R. E. J. Hunt, Miss C. Wilson, Mr. W. J. Cook, Mr. F. A. Martin, Mrs. H. A. Arbuckle, Mr. Arbuckle and Mr. E. O. MacGinnis. Mr. Campbell was re-elected chairman, Mrs. Arbuckle was re-elected General Secretary, Mr. Arbuckle, Treasurer, and Mr. MacGinnis, who is residing in Vancouver, was named as representative on the Federation of B. C. Musical Festivals. The General Secretary will have representatives at the various points in the valley.

To widen interest in and the scope of the Festival, several new classes will be included in the syllabus next year, among them one for a junior dramatic group, one for folk dancing for rural and small schools with an equal number of boys and girls, and a vocal solo class which will be open to both amateur and professional singers.

The committee has been fortunate in securing Dr. Arthur Collingwood, F.R.C.O., to act as one of the adjudicators. He is one of the eminent Old Country adjudicators, and has visited Canada in this capacity on several occasions. In 1929 he was one of the three adjudicators for the large provincial Festivals held throughout western Canada. Having been granted leave of absence from Aberdeen University, Scotland, he is in Canada at present to inaugurate a department of music at the University of Saskatchewan. This is the first time that the committee have been able to accede to the request to secure an adjudicator who is in such demand one who should be an incentive to competitors for his valuable criticisms.

The names of the other adjudicators, when appointed, will be announced.

and Mrs. Hampson's own little granddaughter, who should have been present, was unfortunately prevented by illness from attending. The names of the performers for the Mission were: Fanny Chaplin, Rosie Johns, Yvonne Baldwin, Essie Walker, Kathleen Hall, Primrose Walker, Phyllis Sarsons, Lillian Symonds and Margaret Mackenzie. As Shakespeare wisely remarks, "comparisons are odious," and besides to be worth anything require some musical knowledge which your correspondent cannot claim, but even to an untrained ear, Margaret Mackenzie's playing of Chopin's Nocturne in E flat and the Waltz in D flat was outstanding. Her pretty touch and musical feeling seemed well suited to Chopin's delicate and charming music. Of the others it would take too long to speak in detail but all showed that they had really studied their pieces and played (mostly from memory) with firmness and accuracy.

After the performance was over Mrs. Hampson gave a short explanation of the course of study set by the Associated Boards of the Royal College and the Royal Academy of Music, London, Eng., and Mr. W. D. Walker said a few words of thanks to Mrs. Hampson and appreciation of her work. The prizes were then distributed, as stated elsewhere.

Mrs. Hunt and Mr. Farris were married on Tuesday last, Nov. 10th, at 2 p.m. in the Anglican Church, Kelowna, by the Rev. C. E. Davis. The ceremony was a very quiet one, only a few friends being present. Mr. J. Thompson gave the bride away, and Mr. Scott, of Kelowna, acted as best man. Their many friends in the Mission wish them both every happiness in the years to come.

Miss Stewart and Miss Vaughan Jones have taken Mrs. Stallard's house and will reside here for the winter months.

"IN SURE" "TO BE SURE— INSURE!"

A policy that will prove satisfactory to one person, will not always cover the requirements of another. We place insurance according to the needs of the insured. We can advise you in your problems of securing proper PROTECTION. No charge for our service, though it offers undoubted benefits.

GLENMORE

Mrs. R. Wilson has spent the past week here.

Mrs. L. Bigger and Miss McEwen have left to spend the winter at the Coast.

Mr. and Mrs. Macro and family are occupying their home.

Mr. S. Pearson has sold his corner hay field to Mr. Ryan, a former prairie resident.

Mr. George Aitken's brother and uncle have returned to the Coast, after spending the past three months here.

Mr. Harold Somerford left on Tuesday for New Zealand.

Mrs. S. Giles Graham, a former resident, has bought a large orchard holding in the Grimsby district of Ontario.

The Chevrolet car stolen some weeks ago from outside the Jubilee Apartments and owned by Mr. S. Pearson has not yet been located. Evidently it must be in an out-of-the-way place.

The West Kootenay Power Co., have started work close to town.

A party from Glenmore enjoyed a few days fishing at Adams Lake last week. They are so enthused about their trip, that they are looking forward to another. The party consisted of Messrs. G. H. Watson, L. E. Marshall, L. Mount and H. Thorlakson.

Mrs. G. C. Hume and son Bertie returned home from Naramata on Wednesday.

OKANAGAN CENTRE

The annual meeting of the Badminton Club was held Saturday afternoon, at the Community Hall.

The Treasurer's report showed a substantial balance from the past year.

WHICH ACTION WAS THE MOST CRUEL?

Josephine Dunn, screen star, while suing for divorce in Los Angeles, told the court that not only did her husband slap her, but during four months of married life he bought her just one pair of stockings and only one jar of cold cream.

At the election of officers, Mr. W. R. Wentworth, President, and Mrs. Gleed, Sec.-Treas., were retained and a directing committee elected which included Miss Caesar, Mrs. Hare and Mr. T. Collinson.

There was some discussion re raising the membership fee, but it was decided to leave it at \$6.00, the same as last year.

Notices are in the hands of members for the annual meeting of the Community Hall Association, to be held on Nov. 14th, at the Hall, 8.00 p.m.

In closing the tennis season at the Centre Club the cups for singles play were awarded to Mrs. Goldie and Mr. Gibson.

RUTLAND

Mr. F. L. Fitzpatrick left on Saturday for the Prairies on a business trip.

Mrs. Jack Reid and daughter Jenny left Saturday on a motor trip to Vancouver.

Mrs. C. L. Grainger is visiting her daughter and son-in-law at Vancouver, leaving on Thursday last by car with Bill Price and his sister Peggy.

Ernie and Herbert Stafford are busy hauling poles from Enderby for the new power line.

The wedding of Mr. Fred Wostradowski and Miss Solemana Schneider, eldest daughter of Mr. Joe Schneider, of this district, was celebrated on Tuesday morning at the local Catholic Church, Rev. Father Jansen performing the ceremony. The wedding was very largely attended by the many friends of the bride and groom from Rutland and surrounding districts. The happy couple will take up their residence here.

A very successful jumble sale was held in the Community Hall on Wednesday last week, by the Anglican Guild, which swelled the society's coffers in the usual satisfactory manner.

The "Brownies" will be once more an active organization in Rutland. On Tuesday, Nov. 17th next, Miss E. Gay and Mrs. W. E. Hardie will organize a pack and meetings will be held from that date on.

Mr. Martin Dillman Sr. is on a visit to friends in the lower Fraser Valley, where the family at one time resided.

P. Ritchie, W. Shugg, W. Hardie and J. Muford attended the Patrol Leaders Convention at Salmon Arm on Saturday and Sunday last.

Under the auspices of the Catholic Women's Association, a very enjoyable winter drive and dance was held in the Community Hall on Thursday last, with an attendance of over a hundred.

The annual meeting of domestic water users was held in the Hall on Monday evening with a fair attendance of mostly Belgo residents, the only section of the district having a supply of water for domestic purposes.

CHURCH NOTICES

An Income for Life— Guaranteed!

Here is the picture of a Life Income plan that combines protection, savings and income for retirement.
It provides for You . . . a definite monthly income commencing at a certain age, and continuing for life, with a guaranteed minimum number of monthly income cheques. Or, if you so desire, you may withdraw a substantial amount in cash when the plan matures.
It provides for You . . . a definite monthly income if you become totally disabled by sickness or accident. All deposits are waived during such disability.
and the plan remains in full force. It provides for You . . . a substantial estate if you die before the plan matures. An income for life may be accumulated if desired.
It provides for You . . . twice the amount of the estate, or twice the income, if death results from accidental causes. This plan combines a life income for retirement with complete family protection.
TODAY, while it is fresh in your mind, fill in and mail the coupon for full information.

"BUILD B. C. PAYROLLS"

**DROPPING
THE GOLD
STANDARD**

Great Britain by dropping the gold standard aims partly at keeping the money at home. It will make the nation buy its own goods and good results to the country are expected to follow. Profit of the same sort accrues to British Columbia when the people prefer the products of this province.

Fraser Valley Milk Producers' Association
PACKERS OF PACIFIC MILK
Head Office:
VANCOUVER, B.C.
"100% B.C. Owned and Controlled"

NO ONE CAUSE OF PRESENT CONDITIONS

(Continued from Page 2)

grain trade doing? Those who disagreed with the wheat pool merely repeated so-called facts. Two or three other factors entered into marketing and they were more responsible than the pool. Climatic conditions had something to do with wheat, the life-blood of Canada's commercial life. After the first, second and third years of adversity, the growers had to steel their hearts to calamity. It was important to get at facts. Every man was entitled to do his own thinking, but opinions should be based on facts.

National barriers, levelled to a great extent, had tended to draw nations together in commercial life. Nations were but collections of individuals, and those individuals who formed nations were suffering the catastrophe of war. "To a large extent we have disregarded thrift and hard work," said Mr. Stirling. "Two years ago the get-rich-quick idea promoted extravagance—extravagant spending on the stock market, in wheat futures, etc., and \$100 a month was trying to keep pace with \$200."

During the War, production had a stimulus, but when destruction ceased production kept on and supplies mounted. The law of demand was flouted. Production on a large scale created a glut, but not paid for, and the inevitable crash came, taking with it things that had been fairly stable.

Thrift, Hard Work And Tolerance
"If the individuals who form nations will return to thrift and hard work and bear with their neighbour," Mr. Stirling said in conclusion, "there will be a strong possibility in this country of building up the nation we hope Canada to be." (Applause).

Questions

Questions invited, Rev. A. K. McMin asked Mr. Stirling why there was so much delay at Ottawa in getting unemployment relief. Mr. Stirling probably had information not in possession of the general public.

Mr. Stirling replied that he too depended upon the newspapers for such information. He was awaiting the return of the two provincial ministers.

A man in the audience asked how a man was to get work in a machine age with 60,000,000 people unemployed in the white world.

Rev. Dr. Dobson replied that machinery was not the major cause of so much unemployment. The major cause was seasonal unemployment and drought, and he did not think that machinery should be done away with. Machinery had its advantages, and there would be ultimate absorption of the unemployed.

Supporting Mr. Stirling's statement to the effect that facts were needed, Dr. Dobson remarked that the committee on unemployment, of which he was chairman, emphasized that it was necessary to get at the facts. They were not yet in possession of actual facts on unemployment in all parts of Canada. The provincial and Dominion governments should provide them as actual knowledge was needed. Mr. Stirling, he thought, would be a strong influence.

A member of the audience said that life was more important than machinery, and he would do away with machinery if it would preserve and enhance life.

Mr. Jones said that at present machinery was a curse, but the idea back of its invention was to relieve human labour.

A voice from the audience declared that machinery was invented for the good of the few. There were two classes in a system that would have to go: "One owned everything and produced nothing, the other produced everything and owned nothing."

Mr. McMinn said that the discussion that night showed the necessity for an organization as the Canadian Economic Association—it enabled all to exchange views, to better understand each other. The Association had not been formed to give expression to radicalism, but to give every one the opportunity to express their views. In days to come they hoped to present speakers who brought messages from experience and study. They were not interested in any political party.

The proceedings concluded with the singing of the National Anthem.

Twentieth Century Insanity

Two old maids were in a insane asylum for years, always knitting and knitting.
"Gee," sighed Mayme one day, "I wish some tall, handsome man would wind his arms around me and squeeze me until I gasp."
"Now you're talking sense," said Jayne. "You'll be put out of here in a few days."

"The average woman wears better than the average man," says a writer. But not so much.

HOLDS TRIPLE DOCTORATE

Dr. Lisl Muller of Vienna, Austria, has the degrees of Doctor of Medicine, Doctor of Law and Doctor of Divinity. She is believed to be the only woman in the world to have these three degrees.—(Acme Photo.)

Mr. R. R. Perry, barrister, formerly of Armstrong, who is acting as Crown Prosecutor at the Assize Court, Vernon, this week, has removed his offices to Salmon Arm, where he will carry on his law practice.

TWENTY YEARS AGO

(From the files of "The Kelowna Courier")

Thursday, November 9, 1911

"The Royal Hotel has been sold by Mr. Milligan to Mr. R. Swift, of Vernon. The lease of Messrs. Lavigne & Dunk runs out tomorrow, and we understand the new owner is not to renew it but will lease the hotel to other parties."

"That a good deal of interest is being evinced in municipal politics this year is evidenced by the long list, 114 in number, posted on the door of the Council Chamber, of persons who have applied for registration as municipal voters. It looks as though the next municipal election will not be as flat, dull and uninteresting as for the past two years."

"Mr. J. N. Cameron moved into his commodious new blacksmith shop yesterday. It is of a fire-proof type, with concrete walls and iron roof, and measures 120 feet by 30 feet, giving ample space for the carriage-making department of Mr. Cameron's business in addition to three forges and a full outfit of other blacksmithing equipment."

"In the heavy wind of Tuesday night the 'Okanagan' met with a mishap at Pentiction, the strain imposed upon her superstructure by the rough sea caus-

ing her to break one of her 'hog chains' or stiffening stays. With a stiff northerly breeze blowing yesterday morning, she was unable to make the northbound trip until repairs could be effected, and there was therefore no boat from the south yesterday. The 'Aberdeen' took her place on the run south and, the necessary repairs having been made, the 'Okanagan' returned to duty this morning."

"The promised Sunday boat service began last Sunday, but no arrangement has yet been made for the 'Okanagan' to carry mail. The service is apparently to be strictly a passenger one, as freight shipments were refused on Sunday. Under the new timetable, the south-bound S. & O. train leaves Sicamous daily at 9:45 a.m. No alteration has been made in the hour of arrival of the south-bound boat at Kelowna."

Hon. Martin Burrell, Dominion Minister of Agriculture and member for Yale-Cariboo, was entertained as the guest of honour at a complimentary banquet on Nov. 2nd, in the Opera House. Although held under the auspices of the Kelowna Conservative Association, the political side of the affair was subordinated largely to the social side, in deference to the feelings of the Liberals present, who formed a considerable proportion of the two hundred in attendance. The banquet was very successful but the proceedings were prolonged to a degree that would not be tolerated by the impatient generation of today. Speechmaking incident upon a lengthy toast list continued until 1:40 a.m., when the tired and sleepy gathering had diminished largely in numbers by gradual surreptitious de-

parture. It was the first public banquet to be conducted on a "dry" basis, and the departure from custom was greeted by a flood of criticism from those accustomed to the serving of alcoholic beverages at such functions. To make matters still more arid, even "pop" was not obtainable and those who manfully endured the interminable oratory for some five hours had nary a drop of anything liquid to quench the inevitable thirst caused by the exceed-

ingly dry nature of some of the speeches. One orator began, long after midnight, on the history of Canada prior to Confederation and, after about half an hour of laborious effort, had just about reached that historic event when he was forced to bring his remarks to a rather abrupt and ungraceful conclusion by a burst of disorder, including "stage whispers" of much loudness, upsetting of chairs and other interruptions.

Barney Oldfield says,
"New Volatile Vapor"
STARTS COLD MOTORS INSTANTLY

NEW Winter Union contains a new Volatile Vapor that insures instant starting on the raw, damp mornings of the Coast, or in sub-zero temperatures. In the "Arctic" tests WINTER UNION rated 98%. Many fuels rated even less than 85%.

No Loss of Mileage—No Fading
Dynamometer and service tests show that Volatile Vapor in Winter Union gives you the same mileage as with summer gasoline, but with an added punch.
There is NO "FADING", "bucking", "boiling in the carburetor" or "vapor lock" with Winter Union—even in the mildest Coast weather. NEW VOLATILE VAPOR is self-contained in the liquid gasoline until released to the carburetor jet.

Barney Oldfield, famous racing driver, says that the new Volatile Vapor feature makes it the finest winter gasoline ever produced for Western Canadian motorists.

No Increase in Price
New Winter Union with its Volatile Vapor is ready today—AT NO EXTRA COST. Watch for the Blue and White Pumps of the Union Oil Company of Canada Limited, with the gaily decorative strings of flags. For gasoline that adds new power to quicker starting, stop there all this winter.

Made in Canada
Canadian men and women are employed by the Union Oil Company of Canada Ltd., which has a large investment in Western Canada, buys Canadian materials and thus contributes to the prosperity of your own community.

BASKETBALL

Men And Girls Win From Pentiction

The past week has been a busy time for the local teams. Thursday last the season was ushered in at the Scout Hall, when the local Senior B ladies and men entertained similar quintettes from Pentiction and took both games with comfortable margins.

**Kelowna Girls Provide Pleasant
Surprise**

The big surprise of the evening was the wonderful game played by the local ladies who tucked away their first game of the season on the right side of the board. It was thought by most of the prophets that the local team would have to step lively to hold the fast going quintette from the south, who have three of last year's U.B.C. hoopsters. However, local fans will be glad to see the girls to the finish after the excellent showing they made against Pentiction. If the players work like they did in this game, they should go through to a 13. C. championship when play-off time comes around. Fans watch this team!

The men had little trouble in subduing their green and white rivals, who were younger and not as experienced. There is one player on Pentiction roster who should be mentioned—and that is Blacklock. He played an excellent game and was the only player to score field baskets for Pentiction.

Of our local team it must be said they were not playing their usual game, missing many passes and letting the ball roll through their hands on many occasions, especially in the second half.

One thing stands out above everything else in these games, and that is the number of fouls committed by our players—a total of twenty-two, nine for the girls and thirteen for the men. This is far too many, and the players will have to play cleaner games if they wish to get far, as this year the refereeing is going to be very strict at the Coast, and our own teams should accustom themselves to it.

Pentiction Girls Lead At Outset

The girls' game got away about 8.15 with Kelowna getting the tip-off and McDonald shooting from close in but the ball hit the hoop. Play was slow with Pentiction having the edge. Carruthers fouled Campbell, who failed to convert but scored from under the basket on a throw in from player of the green and white, was awarded a free throw but missed the hoop entirely. At this time Pentiction were having the best of the play with Kelowna doing a lot of fouling. Batchelor failed to convert a free shot but E. Meldrum received a nice pass from Campbell to put Pentiction ahead 4-0 as quarter time arrived. Conway fouled Batchelor so after the tip-off, who converted to make the score 5-0. Hughes, Conway and McDonald took shots but without any result. The passing and shooting of the locals were very poor at this time and it looked as though last year's Champions were going to be trimmed. Conway found the hoop for the first Kelowna score, but this was offset when Campbell converted 7-2 in Pentiction's favor. Play was speeding up considerably but Kelowna could not settle down and thereby missed many opportunities to score, and half time came with the southern town leading by 7-2.

Conway scored on a long shot immediately after the opening of the second half. Jenkins and Conway both scored on pretty shots to put the locals ahead 8-7 for the first time in the game. With this Pentiction called time out to check the Kelowna assault, but it was of no avail as the locals seemed to have suddenly found themselves and kept up brilliant play for the balance of the game. Pentiction had their first foul called on them, but Jenkins failed to make the free shot. Play was very fast, with the locals completely routing their opponents with a wonderful display of combination and shooting. Carruthers scored on a beautiful shot from centre. Conway again sagged the twine on a corner shot to make the score 12-7, and the fans became aware that the local team was a real team. Jenkins and Conway both scored and three-quarter time came with the locals leading a commanding lead of 16-7. This was certainly a Kelowna period. Scoring fourteen points in eight minutes, while they held Pentiction scoreless. Millar got the green and white their only field basket of the second half about five minutes before time from a throw-in under the basket. Again Conway sagged the hoop to make her total points for the evening twelve. Campbell was awarded two shots but failed to count. Millar counted on a

foul off Hughes and this proved to be the last score of the game. Kelowna called time out with but three minutes left to play. Pentiction started a rally but the local girls would not let them get away. At this point Captain C. Menten was giving all she had to try and score but G. McDonald kept her well in check and did not let her get a basket during the entire game. Full time came with Kelowna having possession of the ball and their first game, 18-10.

The teams and scores:
PENTICTON: Millar, J. E. Meldrum, 2; M. Campbell, 4; C. Menten; Batchelor, 1. Total, 10.
KELLOWNA: Carruthers, 2; Hughes; Jenkins, 4; McDonald; Conway, 12; M. Meikle; D. Leathley; J. Chapman. Total, 18.

Kelowna Men Had Edge throughout

In the men's game Kelowna had the edge throughout, but Pentiction were by no means outclassed. Play opened fast, with Pentiction taking two shots but with no results. Wilson missed a shot when Meikle fouled him. Poole scored the scoring when he converted on a technical foul off Blacklock. Pentman and Meikle sagged the twine to make the score 5-0 before many minutes had elapsed. Pentiction staged a rally and scores by Blacklock and Hughes broke into the lead again. Griffith and Pentman in the lead, Griffith broke into the scoring column when he intercepted a pass near the hoop and made his shot count. Husband and McDougall converted four shots and Blacklock counted two more points on a fluke shot that hit the back rafters and landed in the net. At this point play was fairly even, and Griffith and Pentman made a tie, Griffith to take the lead again. 11-8. Johnson replaced Meikle on the Kelowna line-up with but a few minutes left for play in the first half. Wilson and McDougall made their foul tries count, as also did Pentman for Kelowna. Johnson had his third personal foul called on him within four minutes. Griffith made the count 15-10 on a long shot just before the half-time going sounded.

As the second period opened play continued at a fast clip, with Parkinson making two long shots count. Wilson converted on a foul shot off Meikle. At this point the prettiest play of the evening took place when Pentman, Griffith and Meikle combined to have the last named finish the play with a perfect shot under the basket. Pentiction did considerable substituting here but were not any more successful than with their former players. Kelowna were getting very ragged at this point, missing many passes and letting the ball slip through their fingers into the outside territory. Eventually, Kelowna called time out to talk the situation over. Pentman fouled Blacklock, who converted, but Griffith took a long shot from centre which sank in the net without touching the back board or the hoop. The locals were having much the better of play at this stage. Pentman counted on a close in shot. McDougall fouled Griffith, who failed to convert the shot. Blacklock again found the net for the southern boys, but Pentman tallied on a rebound shot to make the score 26-14. Lewis, substituted for Parkinson. Griffith, made an individual play and scored, as also did Blacklock for Pentiction. The final whistle blew with Pentiction getting a free shot but failing to count, the score standing at 30-16. Both teams were very weak on foul shots. Kelowna counting four out of 12 chances, and Pentiction six out of thirteen.

The teams and scores:
PENTICTON: King; Blacklock, 11; Wilson, 2; Gartrell, Husband, 1; McDougall, 2; Ewart; Adams; Armstrong. Total, 16.
KELLOWNA: Parkinson, 4; Poole, 1; Pentman, 11; Johnson; Meikle, 4; Griffith, 10; Lewis. Total, 30.

Kelowna Seniors Also Win At Trail

Kelowna teams continued their winning ways on Saturday last, when the fast stepping Senior ladies and men made the two-hundred mile trip to Trail by over the Carmi road and brought home the bacon in both games. This is a remarkable performance and all credit should be given to both teams, more especially the ladies, who put up a real battle against great odds and took the long end of the score 14-12. The men were slow in starting but the score reading 10-0 against them in the first three minutes of the game, but they came back strong in the second half to win 36-27.

Revelstoke Here Saturday

On Saturday, November 14th, Revelstoke Seniors will be here to try and change the tables around from a fortnight ago, when the locals visited them on their own floor. Vernon Senior girls will be the drawing card for the opener at 8.30 p.m. This should be a real game, as the locals will be out to make it three straight victories. Be on hand and help your teams to victory.

Girls Play Close Games

The ladies' games played last week were all good, ten points being the largest difference between the teams. The Spartans are the only team to have won three games and not lost any, while the Hot-Shots met their first defeat.

Amazons, 19; High School, 14

The first game between Amazons and High School Go-Getters was the best game of the evening, only five points separating the teams when the final whistle blew.

The first half was very even, play being mostly in centre floor and both teams missing many good opportunities to score. The resting period came with the Amazons leading 9-8. On resuming play E. McDonald gave Amazons a comfortable lead with three baskets in quick succession. The Spartans could not overcome this lead and were on the short end of the score, 19-14, when the final whistle went.

Trojans, 28; Pals, 20

The second game was an exciting affair between Pals and Trojans—the latter winning 28-20, thanks to their Captain, E. Conway, who gathered sixteen points to be high scorer for the evening.

The first half was all Trojans, they having the edge in all departments, and they led at half time 15-8. In the second period they speeded up, with both teams scoring frequently, play being

very even in this half, the Pals held their opponents in check quite well, only being outscored 13-12. This game was very clean, only three fouls being called throughout the entire game.

Spartans, 22; Hot Shots, 12

The final game between Spartans and Hot-Shots was a clean cut victory for the former, M. Meikle being the star performer and gathering twelve points—ten coming in the first period. The Spartans had it all over their opponents in the first half, outscoring them 16-8. In the second period the Hot-Shots got going and play was very even, but they were not able to overcome the lead the Spartans had established in the initial stanza, and had to be content with the short end of the score, 22-12.

Teams and scores:—

AMAZONS: E. McDonald, 7; Cross, 2; Woods; Longley, 6; M. Jenkins, 19; Harvey; Mabel Jenkins, 4. Total, 19.
HIGH SCHOOL GO-GETTERS: McClymont, 8; Brown; Sexsmith; G. McDonald, 6; Roberts; Taggart. Total, 14.
TROJANS: Poole; Esao; Conway, 16; C. Griffith, 12; Hughes; Sanders. Total, 28.
PALS: McCarthy, 12; B. Harvey, 2; Leathley, M. Harvey; Jennens, 2; Dore, 4. Total, 20.
SPARTANS: M. Meikle, 12; Hill; Bryce, 10; McCall; Burt; Wilson; Hughes. Total, 22.
HOT SHOTS: Carruthers, 8; E. Jenkins; Ladd; Chapman, 4; Hicks; Watson; Harvey. Total, 12.

Oarsmen Head The League

Rowing Club finished at the top of the league as a result of the games played Monday evening. The club whitewashed High School 25-6. Campbell & Lewis downed Glenmore 19-11. The Oarsmen were victorious in all games, except the first, which was lost in overtime by a free throw.

Teams that make a success of things

Percey Page's Edmonton Grads are cleaning up all and sundry by record scores, and are likely to emerge again on top without much trouble, in the ladies' section, in the men's divisions there promises to be keen competition. Winnipeg "Tollers," who for years have been in at the death, and who have participated more frequently in finals than any other Canadian team, are out to wrest the honours back to the Mid-West again. They are laying their plans NOW.

Canadian Champions

It is interesting to note who have won the Canadian Championship since the play-offs were organized in 1923. 1923—Raymond (Alberta) Union Jacks. 1924—Ottawa (Ontario) Rideaus. 1925—University of British Columbia. 1926—Winnipeg (Manitoba) Tollers. 1927—Winnipeg Tollers. 1928—Windsor (Ontario) Alumni. 1929—West Westminster (B. C.) Adanacs. 1930—University of British Columbia.

Another team that may be reckoned with this year is Miles Cook's Caps of Regina, who are reputed to be a very strong aggregation. Bill Wellband, well known Y.M.C.A. physical instructor, who used to be in Vancouver, and who has been taking a specialized course in basketball coaching, is lending his assistance, and provided they are free from injuries and accidents, they should be heard of later in the season.

Coaches

Talking of coaches, most places are very eager to develop players, some encourage the development of referees, but why not set aside a sinking fund to be applied to the development of basketball coaches? There is many a good team that never gets anywhere simply because they lack a good coach. There are many fellows that would make excellent coaches who would be glad to

Hard Battle For Collar Championship

The first game was between these latter teams, both of which were very even at the start but the men of iron shot ahead and were leading 10-4 at half time, chiefly through the scoring efforts of M. Meikle. Play opened fast in the second half, with Pentman finding the hoop twice in quick succession to put the Banks close on the heels of their opponents. However, R. Taggart sank two long ones to keep the lead for Morrison Hardware. Bankers were trailing 16-17 with but one minute to play but Taggart found the hoop again to settle the argument in favour of the hardware boys.

Rowing Club Too Much For High School

The second game was very one-sided, with Rowing Club completely vanquishing the High School. The score at half time was 8-4 in favour of the Rowers who increased their tally greatly in the second half and only allowed the Students to gather two points. League was high scorer with nine points.

Glenmore And Campbell & Lewis Show Speed

The final game was the fastest of the evening with Glenmore and Campbell & Lewis fighting it out. Campbell & Lewis ran up a score of 8-0 before Glenmore could get a basket and at half time were leading 9-3. On resumption of play, Glenmore lived up to and had the score 9-8 against them but the sporting goods boys staged a rally and ran a succession of baskets to rout out winners 19-11. Lewis was high man with ten points.

The teams and scores:—

MORRISON HARDWARE: Meikle, 6; Griffith, 3; R. Taggart, 7; H. Hill, 2; F. Taggart, 1; Treadgold. Total, 19.
BANKERS: Longley, 2; Pentman, 6; C. Meikle, 4; Chalmers, 2; Beech, 2. Total, 16.
ROWING CLUB: Poole, 6; Boyer, 2; H. Pettman, 6; Ryan, 2; Loane, 9; Weeks; McFarlane. Total, 25.
HIGH SCHOOL: Bowser; McKay, 2; MacLaren, 4; Burr; Lloyd-Jones; Chapin. Total, 6.
CAMPBELL & LEWIS: L. Hill, 2; Lewis, 10; Gibson; Oakes; Parkinson, 1; Johnson, 6; Rowcliffe. Total, 19.
GLENMORE: Snowsell, 2; G. Reed; Watson; A. Reed; Verity, 3; Morgan, 4; Williams, 2. Total, 11.

VOLLEYBALL

Season Is Now In Full Swing

The volleyball season opened on Friday last at the United Church Gymnasium, with wins for the K.G.E., Gyro, and Business Men teams over the I.O.O.F., Teachers, and Rotary respectively. The play throughout showed lack of form and the games on Monday were a decided improvement, when the Church team under Win. Brown, took a well contested victory from the I.O.O.F., and the K.G.E. sent the Teachers down for a little more homework.

On Friday, Nov. 13th, the Gyros met the Business Men, who will be bolstered up with that tower of strength, W. A. C. Bennett. Rotary meet Church and the Teachers meet I.O.O.F.

Owing to the gym, being engaged on November 20th, the games for that week will be played as follows: Monday, Nov. 16th, K. G. E. vs. Gyros; Church vs. Business Men, Rotary vs. Teachers; Wednesday, Nov. 18th, Gyros vs. I.O.O.F., at 9 p.m. Business Men vs. K.G.E., at 10 p.m.

JUST CHATTER

(By Ex-Kelownian)

Basketball in all its divisions is now under way and Coast teams are looking over the various teams with a view to sizing up the situation. While it is too early to give a forecast, it is yet interesting to "look 'em over." The Crusaders and Adanacs had a tussle in which the Crusaders came out on top. The latter, however, have always been a spasmotic team, sometimes uncoring the most brilliant plays and at others giving a very ordinary class of ball. It would not be surprising this year if the champions, when all the dust and fun is over, composed a team not located in Vancouver at all. The Island has some strong contenders, and Kelowna and other Interior points have a rare chance. It is doubtful whether the Varsity will be the leaders, as they will lack practice against first-class teams, unless some other arrangements are arrived at.

In the intermediate divisions there is keen competition. Bert Fiddes' Durkims (Intermediate "A") survived their first round against the Doo-Dads and raised their stock considerably thereby, as the Doo-Dads have always been a team to be reckoned with. It went to over time, and was a thrilling game. His Juniors also have emerged on the right side in all games, except the first, which was lost in overtime by a free throw.

Teams that make a success of things plan their policy far ahead. While Percy Page's Edmonton Grads are cleaning up all and sundry by record scores, and are likely to emerge again on top without much trouble, in the ladies' section, in the men's divisions there promises to be keen competition.

Winnipeg "Tollers," who for years have been in at the death, and who have participated more frequently in finals than any other Canadian team, are out to wrest the honours back to the Mid-West again. They are laying their plans NOW.

Canadian Champions

It is interesting to note who have won the Canadian Championship since the play-offs were organized in 1923.

1923—Raymond (Alberta) Union Jacks. 1924—Ottawa (Ontario) Rideaus. 1925—University of British Columbia. 1926—Winnipeg (Manitoba) Tollers. 1927—Winnipeg Tollers. 1928—Windsor (Ontario) Alumni. 1929—West Westminster (B. C.) Adanacs. 1930—University of British Columbia.

Another team that may be reckoned with this year is Miles Cook's Caps of Regina, who are reputed to be a very strong aggregation. Bill Wellband, well known Y.M.C.A. physical instructor, who used to be in Vancouver, and who has been taking a specialized course in basketball coaching, is lending his assistance, and provided they are free from injuries and accidents, they should be heard of later in the season.

Coaches

Talking of coaches, most places are very eager to develop players, some encourage the development of referees, but why not set aside a sinking fund to be applied to the development of basketball coaches? There is many a good team that never gets anywhere simply because they lack a good coach. There are many fellows that would make excellent coaches who would be glad to

give their services, if they were given the opportunity to first take a course. Think this over, basketball executives. Girls' Rules In Force In Saskatchewan. It is most unbelievable but true that girls' rules in basketball still hold sway in Saskatchewan. There is an agitation about to adopt men's rules as elsewhere.

Basketball Don'ts

A few "Don'ts" for hoop men. Don't pass under the basket in back areas, when playing guard, unless it is imperative, and only with a snappy pass that cannot be intercepted.

To get rid of the ball is not passing. A pass should give some advantage, otherwise it is far better to hold it. Always remember that the team that has possession of the ball has control of the play, and that the opposing team cannot score while you hold the ball.

Don't hang on to the ball too long. Many a fine opening has been lost by a player hesitating to make the pass. Don't shoot unless you have a good chance to score. Many a foolish shot merely means a rebound off the back boards to the opposing guards, and a start of a play which many times results in a score.

Don't pass the ball to another unless he is in a better position than yourself to take it. Merely throwing the ball around is not passing.

Don't lob the ball. A pass should be between the receiver's waist and shoulders, and should be snappy enough to get there with the highest speed consistent with the receiver's ability to catch it. Too hard a pass results in a fumble or finger injury.

Don't shoot for a pass unless you are in a better position than the other fellow. It does not matter who scores so long as the side does.

How About Rugby In Kelowna?

There is a real opportunity for a live wire enthusiast to develop rugby in

Kelowna. This game is being played in every school at the Coast and is tremendously popular. A league of Vernon, Pentiction and Kelowna would make for real interest. Sooner or later Kelowna will be in it. Why not now?

HEAVIER PLATES

"Every plate in a Coyle Battery is extra weight and full size. This is an assurance of long life and the maximum of trouble free service. The Coyle Battery is built right... even a casual inspection will show you that. That's why we sell and heartily recommend the complete Coyle line."

*We recommend a
Coyle Battery for replacement in every make of car.*
